	For the purpose of identification of large cap companies, communication provided by SEBI/ AMFI shall be considered. Currently, as per SEBI circular SEBI/HO/IMD/DF3/CIR/P/2017/ 114 dated October 06, 2017, large cap companies are defined as 1st -100th company in terms of full market capitalization. Mutual Funds are required to adopt list of stocks prepared by AMFI in this regard. The Scheme may also take exposure to: • Derivatives instruments up to 100% of the Net Assets. • ADR/GDR/Foreign securities/Overseas ETFs up to 50% of the Net Assets. Investment in ADR/GDR/Foreign Securities would be as per SEBI Circular No. SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007, SEBI/IMD/CIR No. 122577/08 dated April 8, 2008, SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020, and SEBI circular no. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021 as may be amended from time to time. • Securitised Debt up to 50% of the Net Assets or maximum permissible limit for debt portfolio, whichever is lower. • Stock lending up to 20% of its net assets. The same shall be in accordance with SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI circular No MRD/DoP/SE/Dep/ Cir- 4/2007 dated December 20, 2007 and SEBI Circular no. SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009. In the event of variance in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 Days. Further, in case the portfolio is not rebalanced within the period of 30 days, justification for the same shall be placed before the investment committee and reasons for the same shall be recorded in writing. The investment committee shall then decide on the course of action. The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation. The Cumulative Gross Exposure across Equity, Debt, Derivatives, ADR/GDR/Foreign securities/Overseas ETFs and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme.

KEY SCHEME FEATURES OF ICICI PRUDENTIAL BALANCED ADVANTAGE FUND				
TYPE	An Open Ended Dynamic Asset Allocation Fund			
INVESTMENT OBJECTIVE (For additional information refer to note no. 3)	To provide capital appreciation/income by investing in equity and equity related instruments including derivatives and debt and money market instruments. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.			
ASSET ALLOCATION PATTERN (For additional details, refer to the Scheme Information Documents.)	Types of Instrument	Indicative Allocation (% of Net Assets)		Risk Profile
		Maximum	Minimum	
	Equity & Equity related instruments #	100	65	High
	Debt and Money Market Instruments, including Units of Debt oriented mutual fund schemes* @\$	35	0	Low to Medium
	Preference Shares	10	0	Medium to High
	Units issued by REITs and InvITs	10	0	Medium to High
<p># Although the gross equity and equity related exposure would be normally maintained between 65%-100%, the net equity exposure can be brought down below 65% through various derivative strategies.</p> <p>The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.</p> <p>@ Excluding subscription money in transit before deployment / payout</p> <p>\$ Any other security as may be permitted by SEBI/ RBI, subject to approval from SEBI / RBI as required</p> <p>* Exposure to the Securitised debt will not exceed 50% of the debt portfolio</p> <p>Derivative positions for other than hedging purposes shall not exceed 50% of total assets. Derivatives shall mean derivatives instruments as permitted by SEBI, including derivative exposure in accordance with SEBI Circular no. DNP/Cir-29/2005 dated September 14, 2005, Circular no. DNP/Cir-30/2006 dated January 20, 2006 and Circular no. SEBI/DNP/Cir-31/2006 dated September 22, 2006, Circular no. Cir/IMD/DF/11/2010 dated August 18, 2010, SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2017/109, dated September 27, 2017 and SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/17 dated January 16, 2019. The scheme may also participate in Imperfect Hedging up to 20% of the net assets.</p> <p>ADR/GDR/Foreign securities/Overseas ETFs up to 35% of the Net Assets. Investment in ADR/GDR/Foreign Securities/Overseas ETFs would be as per SEBI Circular No. SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007, and SEBI/IMD/CIR No. 122577/08 dated April 8, 2008, SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 and SEBI circular no. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021 as may be amended from time to time. Investments limits applicable for investment in ADR/GDR/Foreign Securities/Overseas ETFs shall be as per SEBI Circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020.</p> <p>The Cumulative Gross Exposure to Equity, Debt, Money market instruments, Derivatives, Preference Shares, units of REITs and INVITs, etc. and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required should not exceed 100% of the net assets of the scheme.</p> <ul style="list-style-type: none"> The Scheme can take covered-call positions for stock derivatives, as permitted by SEBI. Securities lending up to 20% of its net assets. The same shall be in accordance with SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI circular No MRD/DoP/SE/Dep/ Cir- 4/2007 dated December 20, 2007 and SEBI Circular no. SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009. Structured Obligations, Credit enhancements: Investment in following instruments shall not exceed 10% of the debt portfolio of the scheme and group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes: <ul style="list-style-type: none"> a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade. It may be noted that no prior intimation/indication would be given to investors when the composition/asset allocation pattern under the scheme undergo changes within the permitted band as indicated above or for changes due to defensive positioning of the portfolio with a view to protect the interest of the unit holders on a temporary basis. In the event of variance in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 Days. Further, in case the portfolio is not rebalanced within the period of 30 days, the same shall be reported to the Internal Investment Committee and reasons for the same shall be recorded in writing. The internal investment committee shall then decide on the future course of action. The investors/unit holders can ascertain details of asset allocation of the scheme as on the last date of each month on AMC's website at www.icicipruamc.com that will display the asset allocation of the scheme as on the given day. 				

KEY SCHEME FEATURES OF ICICI PRUDENTIAL BALANCED ADVANTAGE FUND				
ASSET ALLOCATION PATTERN (For additional details, refer to the Scheme Information Documents.) contd..		<ul style="list-style-type: none"> Considering the inherent characteristics of the Scheme, equity positions would have to be built-up gradually and also sold off gradually. This would necessarily entail having large cash position before the portfolio is fully invested and during periods when equity positions are being sold off to book profits/losses or to meet redemption needs. Investors may note that securities, which endeavor to provide higher returns typically, display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments. <p>In the event of variance in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 Days. Further, in case the portfolio is not rebalanced within the period of 30 days, the same shall be reported to the Executive Equity Investment Committee and reasons for the same shall be recorded in writing. The Executive Equity Investment Committee shall then decide on the future course of action.</p>

KEY SCHEME FEATURES OF ICICI PRUDENTIAL FLOATING INTEREST FUND				
TYPE	An open ended debt scheme predominantly investing in floating rate instruments (including fixed rate instruments converted to floating rate exposures using swaps/derivatives. A relatively high interest rate risk and moderate credit risk.)			
POTENTIAL RISK CLASS (Matrix)	Credit Risk →	Relatively Low (Class A)	Moderate (Class B)	Relatively High (Class C)
	Interest Rate Risk ↓			
	Relatively Low (Class I)			
	Moderate (Class II)			
	Relatively High (Class III)		B-III	
INVESTMENT OBJECTIVE	To generate income through investing predominantly in floating rate instruments while maintaining the optimum balance of yield, safety and liquidity. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.			
ASSET ALLOCATION PATTERN Under normal circumstances, the asset allocation under the Scheme will be as follows:	Type of Security		Indicative allocation (% of corpus) under normal circumstances	
	Particulars		Maximum	Minimum
	Floating Rate Instruments		100%	65%
	Debt and money market instruments other than floating rate instruments		35%	0%
	<p>The floating rate instruments includes either instruments where the returns are linked to a floating rate benchmark or fixed rate instruments converted to floating rate exposures using swaps/derivatives.</p> <p>The Scheme may also take exposure to:</p> <ul style="list-style-type: none"> Securitized debt up to 35% of the net assets of the Scheme Derivatives up to 100% of the net assets of the Scheme <p>The Cumulative Gross Exposure across Floating Rate Instruments, Debt and Money Market, Derivatives and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme.</p> <p>The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.</p> <p>In case of any variance from the above asset allocation, the fund manager will carry out portfolio rebalancing within 60 Days. Further, in case the portfolio is not rebalanced within the period of 60 days, justification for the same shall be placed before the Debt Investment Committee and reasons for the same shall be recorded in writing. The Debt Investment Committee shall then decide on the course of action.</p> <p>The securities mentioned in the asset allocation pattern could be listed, unlisted, privately placed, secured or unsecured, rated or unrated and of any maturity. The securities may be acquired through secondary market purchases, Initial Public Offering (IPO), other public offers, Private Placement, right offers (including renunciation) and negotiated deals.</p>			
INVESTMENT STRATEGY	Please refer to page 25-32			
RISK PROFILE OF THE SCHEMES	Mutual Fund Units involve investment risks including the possible loss of principal. Please read Scheme Information Document (SID) carefully for details on risk factors before investment.

KEY SCHEME FEATURES OF ICICI PRUDENTIAL ASSET ALLOCATOR FUND (FOF)					
TYPE	An open ended fund of funds scheme investing in equity oriented schemes, debt oriented schemes and gold ETFs/schemes.				
INVESTMENT OBJECTIVE	The primary objective of the Scheme is to generate capital appreciation primarily from a portfolio of equity, debt, and gold schemes accessed through the diversified investment styles of underlying schemes. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.				
ASSET ALLOCATION PATTERN Under normal circumstances, the asset allocation under the Scheme will be as follows:	Type of Security		Indicative allocation (% of corpus) under normal circumstances		Risk Profile
	Particulars		Maximum	Minimum	Low/Medium/High
	Equity-oriented schemes		100%	0%	High
	Debt-oriented schemes		100%	0%	Low to Medium
	Gold ETFs/ schemes		50%	0%	Medium to High
	Money Market Instruments (with maturity not exceeding 91 days), including Tri-Party Repo*, cash & cash equivalents		5%	0%	Low to Medium
	*or similar instruments as may be permitted by RBI/SEBI. The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation. The Scheme can invest in the schemes managed by ICICI Prudential Mutual Fund or any other Mutual Fund(s) as per the above stated asset allocation. The Cumulative Gross Exposure across units of mutual fund schemes/ETFs, Money Market Instruments and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required should not exceed 100% of the net assets of the scheme.				

KEY SCHEME FEATURES OF ICICI PRUDENTIAL ASSET ALLOCATOR FUND (FOF)				
ASSET ALLOCATION PATTERN (Contd.)	At all points of time, the scheme will remain invested at least 95% (minimum allocation) in the underlying schemes. However, on account of rebalancing or certain liquidity requirements, the exposure to the underlying mutual fund schemes may fall below 95%. In such cases the same shall be rebalanced as per the provisions stated below. The portfolio would be rebalanced periodically to address any deviations from the aforementioned allocations due to market changes. In case of the situation specified in the aforesaid paragraph or in the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 Days. Further, in case the portfolio is not rebalanced within the period of 30 days, justification for the same shall be placed before the Internal Investment Committee and reasons for the same shall be recorded in writing. The Internal Investment Committee shall then decide on the future course of action.			
INVESTMENT STRATEGY	Please refer to page 25-32

KEY SCHEME FEATURES OF ICICI PRUDENTIAL FLEXICAP FUND					
TYPE	An open-ended Equity Scheme investing across large cap, mid cap & small cap stocks.				
INVESTMENT OBJECTIVE	To generate long-term capital appreciation by investing predominately in equity & equity related instruments across market capitalization. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.				
ASSET ALLOCATION PATTERN Under normal circumstances, the asset allocation under the Scheme will be as follows:	Type of Security		Indicative allocation (% of corpus) under normal circumstances		Risk Profile
	Particulars		Maximum	Minimum	Low/Medium/High
	Equity & Equity related instruments of largecap, midcap and smallcap companies		100%	65%	Medium to High
	Other Equity & Equity related instruments		35%	0%	Medium to High
	Debt instruments, Units of Debt Mutual Fund schemes* and Money market instruments @		35%	0%	Low to Medium
	Preference shares		10%	0%	Medium to High
	Units issued by REITs and INVITs		10%	0%	Medium to High
	@ Excluding subscription money in transit before deployment / payout The Scheme may also take exposure to: <ul style="list-style-type: none">Derivative positions for other than hedging purposes shall not exceed 50% of total assets (45% exposure towards equity and 5% towards debt). The Scheme may undertake Imperfect hedging in accordance with guidelines and limits prescribed by SEBI from time to time.ADR/GDR/ Foreign Securities to the extent of 35% of the net assets. Investment in ADR/GDR/Foreign Securities would be as per SEBI Circular No. SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007, SEBI/IMD/CIR No. 122577/08 dated April 8, 2008 and SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 and SEBI circular no. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021 as may be amended from time to time. The Scheme may invest up to US \$25 million in foreign securities. This limit shall be valid for a period of 6 months from the closure of NFO and thereafter the unutilized limit shall be not be available towards any overseas investments but only be available towards industry wide limits. Further investments should follow the norms for ongoing schemes. For all ongoing schemes that invest or are allowed to invest in overseas investments an investment headroom of 20% of the average AUM in overseas investments of the previous three calendar months would be available to the Mutual Funds for that month subject to the below mentioned limits. As per SEBI circular dated November 5, 2020 Mutual Funds can make overseas investments subject to a maximum of US \$ 600 million per Mutual Fund, within the overall industry limit of US \$ 7 billion. The allocation methodology for the limit of US \$ 4 600 million would be US \$ 50 million reserved for each scheme individually, within the overall industry limit of US \$ 7 billion.Securitized debt up to 50% of debt portfolio.Stock lending up to 20% of the net assets. The same shall be in accordance with SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI circular No MRD/DoP/SE/Dep/ Cir- 4/2007 dated December 20, 2007 and SEBI Circular no. SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009.Structured Obligations up to 10% of the net assets *The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund. The Cumulative Gross Exposure across Equity, Debt, Preference Shares and REITs and INVITs and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme. In the event of asset allocation falling outside the limits specified in the asset allocation table, the fund manager will review and rebalance the same within 30 days from the date of such deviation. Further, in case the portfolio is not rebalanced within the period of 30 days, justification for the same shall be placed before the Executive Equity Investment Committee and reasons for the same shall be recorded in writing. The Executive Equity Investment Committee shall then decide on the course of action.

KEY SCHEME FEATURES OF ICICI PRUDENTIAL INCOME OPTIMIZER FUND (FOF)				
TYPE	An open ended fund of funds scheme predominantly investing in debt oriented schemes and may also invest in equity & hybrid schemes.			
INVESTMENT OBJECTIVE	The primary objective of the Scheme is to generate regular income by predominantly investing in debt oriented schemes. The Scheme will also invest in equity oriented & hybrid oriented schemes with an aim to generate capital appreciation. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.			
ASSET ALLOCATION PATTERN Under normal circumstances, the asset allocation under the Scheme will be as follows:	Type of Security	Indicative allocation (% of corpus) under normal circumstances		Risk Profile
	Particulars	Maximum	Minimum	Low/Medium/High
	Equity-oriented schemes	35%	10%	Medium to High
	Debt-oriented schemes & Hybrid-oriented schemes	90%	65%	Low to Medium
	Money Market Instruments (with maturity not exceeding 91 days), including Tri-Party Repo*, cash & cash equivalents	5%	0%	Low to Medium
	*or similar instruments as may be permitted by RBI/SEBI. The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation. The Scheme can invest in the schemes managed by ICICI Prudential Mutual Fund or any other Mutual Fund(s) as per the above stated asset allocation. The Cumulative Gross Exposure across units of mutual fund schemes, Money Market Instruments and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme. At all points of time, the scheme will remain invested at least 95% (minimum allocation) in the underlying schemes. However, on account of rebalancing or certain liquidity requirements, the exposure to the underlying mutual fund schemes may fall below 95%. In such cases the same shall be rebalanced as per the provisions stated below. The portfolio would be rebalanced periodically to address any deviations from the aforementioned allocations due to market changes. In case of the situation specified in the aforesaid paragraph or in the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 Days. Further, in case the portfolio is not rebalanced within the period of 30 days, justification for the same shall be placed before the Internal Investment Committee and reasons for the same shall be recorded in writing. The Internal Investment Committee shall then decide on the future course of action.

SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020, and SEBI circular no. SEBI/HO/IMD/IMD-II/DOF3/P/ CIR/2021/571 dated June 3, 2021 as may be amended from time to time. The Scheme may invest up to US \$ 10 million in foreign equity securities. The limits would be soft limits for the purpose of reporting on monthly basis in the format prescribed vide SEBI circular dated November 5, 2020. This limit shall be valid for a period of 6 months from the closure of NFO and thereafter the unutilized limit shall not be available towards any overseas investments but only be available towards industry wide limits. Further investments should follow the norms for ongoing schemes. For all ongoing schemes that invest or are allowed to invest in overseas investments an investment headroom of 20% of the average AUM in overseas investments of the previous three calendar months would be available to the Mutual Funds for that month subject to the below mentioned limits. As per SEBI circular dated June 3, 2021, Mutual Funds can make overseas investments subject to a maximum of US \$ 1 billion per Mutual Fund, within the overall industry limit of US \$ 7 billion.				
	• Securitised debt up to 50% of debt portfolio.				
• Stock lending - up to 20% of its Net Assets and a single intermediary (broker) limit will be up to 5% of the Net Assets. The same shall be in accordance with SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI circular No MRD/DoP/SE/Dep/ Cir- 4/2007 dated December 20, 2007 and SEBI Circular no. SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009.					
• Investment in Structured obligations shall not exceed 10% of the debt portfolio of the scheme and group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes: i. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and ii. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.					
*The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund. The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation. In accordance with SEBI Regulations, the cumulative gross exposure across equity, debt, units issued by REITs & InvITs, derivative and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme. As per the SEBI guidelines, Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.					
INVESTMENT STRATEGY	Please refer to page 25-32

Scheme's Portfolio Turnover Ratio as on March 31, 2022 : NA			

• **Investments in overseas securities is managed by Ms. Priyanka Khandelwal.**

* The Trustee reserves the right to change/modify the exit load at later date for the Scheme(s).

** **IDCW** abbreviation as follows:

IDCW - Income Distribution cum capital withdrawal option (earlier known as Dividend option)

IDCW Payout - Payout of Income Distribution cum capital withdrawal option (earlier known as Dividend option - Dividend payout sub-option)

IDCW Reinvestment - Reinvestment of Income Distribution cum capital withdrawal Option (earlier known as Dividend option - Dividend reinvestment sub-option)

IDCW Transfer - Transfer of Income Distribution cum capital withdrawal plan (earlier known as Dividend Transfer plan)

IDCW Payout facility will be available with all frequencies except daily frequency for all schemes where IDCW option is available. In case of daily frequency, IDCW will be mandatorily reinvested.

For investments made under IDCW payout under all the frequencies except for Daily frequency, the minimum amount for IDCW payout shall be Rs.100, else the IDCW would be mandatorily reinvested, except for ICICI Prudential Long Term Equity Fund (Tax Saving).

\$ The applicability of the minimum amounts for SIP mentioned above are at the time of registration only.

\$\$ **Daily, Weekly, Monthly and Quarterly Frequency** is available in Systematic Transfer Plan Facility (STP) and Flex Systematic Transfer Plan Facility (Flex STP) for both (Source and Target) under all the plans under the Scheme. However, Flex STP can be registered only in Growth option of the Target scheme. Further, only one registration for Flex STP per target scheme in a folio would be allowed. The minimum amount of transfer for daily frequency in STP and Flex STP is Rs. 250/- and in multiples of Re. 1/- . The minimum amount of transfer for weekly, monthly and quarterly frequency in STP and Flex STP is Rs. 1000/- and in multiples of Rs. 1/- . The applicability of the minimum amount of transfer mentioned are at the time of registration only.

The minimum number of instalments for daily, weekly and monthly frequencies will be 6 and for quarterly frequency will be 4.

\$\$\$ Where as a result of a redemption / switch arising out of excess holding by an investor beyond 25% of the net assets of the scheme in the manner envisaged under specified SEBI circulars, such redemption / switch will not be subject to exit load.

¥ The scheme may invest in derivatives in compliance with the applicable SEBI Circulars issued from time to time.

As per the Regulations, the Fund shall despatch redemption proceeds within 10 Business days of receiving the redemption request. Investors are advised to refer to the sections titled "Suspension of sale and redemption of units" and "Right to limit Redemption" in the Scheme Information Document. ICICI Prudential AMC had entered into an arrangement

with certain banks for direct credit of redemption and IDCW proceeds if the investors have a bank mandate in any of the specified banks. However, the Fund reserves the right to issue a payment instrument in place of this electronic payment facility, and will not be responsible for any delay on the part of the bank for executing the direct credit. The AMC may alter the list of the banks participating in direct credit arrangement from time to time / withdraw direct credit facility from the banks, based on its experience of dealing with any of these banks or add / withdraw the name of the bank with which the direct credit facility arrangements can be introduced/ discontinued, as the case may be.

000 **APPLICABLE NAV:**

The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:

For Purchase of any amount:

In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. 3.00 p.m. - the closing NAV of the day shall be applicable.

In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are available for utilization on the same day or before the cut-off time of the next business day - the closing NAV of the next Business Day shall be applicable.

Irrespective of the time of receipt of application, where the funds for the entire amount are available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

For Switch-ins of any amount:

In case of switch from one scheme to another scheme received before cutoff i.e. upto 3 p.m. having business day for both the schemes, closing NAV of the Business Day shall be applicable for switch-out scheme and for Switch-in scheme, the closing NAV of the Business Day shall be applicable, on which funds are available for utilization in the switch-in scheme (allocation shall be in line with the redemption payout).

To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), Flex STP, Capital Appreciation STP, IDCW Transfer, Trigger etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.

- **"Switch Out"** shall be treated as redemption application and accordingly, closing NAV of the day will be applicable based on the cut-off time for redemption followed for various type of schemes.

- **"Switch In"** shall be treated as purchase application and accordingly for unit allotment, closing NAV of the day will be applicable on which the funds are available for utilization.

Applicable NAV (for redemptions including switch outs): In respect of valid applications received upto 3.00 pm on a business day by the Mutual Fund, same day's closing NAV shall be applicable.

In respect of valid applications received after the cut off time by the Mutual Fund: the closing NAV of the next business day.

- © In addition to the above, Capital Appreciation STP facility is also available under the Scheme. Under this facility the daily appreciation in NAV, if any, from the growth option of the source schemes will be switched to the growth option of the target schemes. The Scheme is a Target Scheme under this facility. There is no restriction on the minimum balance in the folio to avail the facility.

Notes:

- 1) Saturday is a Non-Business Day for the Scheme.
- 2) For all web-based transactions, entered through the official web portal of the AMC viz. www.icicipruamc.com, the cut-off timings for arriving at applicable Net Asset Value (NAV) shall be :

The time at which, the transaction is confirmed at the webserver of AMC, such time shall be considered as final and binding for determining the cut off timing.

- 3) There can be no assurance that the investment objective of the Scheme will be realized.
- 4) In the interest of the investors and in order to protect the portfolio from market volatility, the Trustees reserve the right to discontinue subscriptions under the schemes for a specified period of time or till further notice.
- 5) Processing of Systematic Investment Plan (SIP) cancellation request(s): The AMC will endeavour to have the cancellation of registered SIP mandate within 30 days from the date of acceptance of the cancellation request from the investor. The existing instructions/mandate will remain in force till such date that it is confirmed to have been cancelled
- 6) **SWP (Option 1):** Any Amount. Monthly, Quarterly, Half Yearly and Annual frequencies are available in Systematic Withdrawal Plan (SWP). The minimum number of instalments for all the frequencies will be 2.
- SWP (Option 2):** Investors opting for the facility can withdraw their investments on a monthly basis. SWP Amount per month will be fixed at 0.75% of the amount specified by the investor and will be rounded-off to the nearest highest multiple of Re.1/-
- Freedom SWP:** Freedom SWP# allows investors to periodically withdraw a fixed amount i.e. 6% p.a. from the investment corpus, along with an option of Yearly Top Up of either 3%p.a., 4% p.a. or 5% p.a. This scheme is eligible for Freedom SWP.

- 7) **ICICI Prudential Booster Systematic Transfer Plan ("Booster STP")** is a facility wherein unit holder(s) can opt to transfer variable amount(s) from designated open ended Scheme(s) of the Fund [hereinafter referred to as "Source Scheme"] to the designated open-ended Scheme(s) of the Fund [hereinafter referred to as "Target Scheme"] at defined intervals. The Unitholder would be required to provide a Base Installment Amount that is intended to be transferred to the Target Scheme. The variable amount(s) or actual amount(s) of transfer to the Target Scheme will be linked to the Equity Valuation Index (hereinafter referred to as EVI). The EVI is derived by assigning equal weights to Price to Earnings (PE), Price to book (PB), (G-Sec x PE) and Market Cap to Gross Domestic Product (GDP) or such other factors as may be determined by the AMC from time to time. Details of EVI are mentioned in the Terms & Conditions of Booster STP.

• Following schemes are the **Target Schemes** under the **Booster STP facility**.

ICICI Prudential Balanced Advantage Fund, ICICI Prudential Multi-Asset Fund, ICICI Prudential Asset Allocator Fund (FOF), ICICI Prudential Bluechip Fund, ICICI Prudential Business Cycle Fund, ICICI Prudential ESG Fund, ICICI Prudential India Opportunities Fund, ICICI Prudential Long Term Equity Fund (Tax Saving), ICICI Prudential MNC Fund, ICICI Prudential Multicap Fund, ICICI Prudential Value Discovery Fund, ICICI Prudential Flexicap Fund

• Following schemes are the **Source Schemes** under the **Booster STP facility**.

ICICI Prudential Ultra Short Term Fund, ICICI Prudential Floating Interest Fund, ICICI Prudential Equity Savings Fund.

- 8) **ICICI Prudential Booster Systematic Investment Plan ("Booster SIP"):**

ICICI Prudential Booster Systematic Investment Plan ("Booster SIP") is a facility wherein unit holder(s) can opt to invest a pre-determined sum at defined intervals to a designated open ended Scheme(s) of ICICI Prudential Mutual Fund [hereinafter referred to as "Source Scheme"] and then the amount is transferred to the designated open-ended Scheme(s) of ICICI Prudential Mutual Fund [hereinafter referred to as "Target Scheme"] at defined intervals. The Unit holder would be required to provide a SIP amount which will be considered as the Base Installment Amount that is intended to be transferred to the Target Scheme. The actual amount of transfer to the Target Scheme will be linked to the Equity Valuation Index (hereinafter referred to as EVI) which is a proprietary model of ICICI Prudential Asset Management Company Limited (the AMC). The EVI is derived by assigning equal weights to Price to Earnings (PE), Price to book (PB), (G-Sec x PE) and Market Cap to Gross Domestic Product (GDP) or such other factors as may be determined by the AMC from time to time.

- 9) Submission of separate forms/transaction slips for Trigger Option/ Systematic Withdrawal Plan (SWP)/Systematic Transfer Plan (STP) facility: Investors who wish to opt for Trigger Option/Systematic Withdrawal Plan/Systematic Transfer Plan facility have to submit their request(s) in a separate designated forms/transaction slips. In case, if AMC do not receive such request in separate designated forms/transaction slips, it reserves the right to reject such request(s).
- 10) Processing of Transmission-cum-Redemption request(s) : If an investor submits redemption/switch out request(s) for transmission cases it will be processed after the units are transferred in the name of new unit holder and only upon subsequent submission of fresh redemption/switch-out request(s) from the new unit holder.
- 11) Processing of Redemption/Switch/Systematic transaction request(s) where realization status is not available: The Fund reserves the right to reject / partially process the redemption / switch /systematic transaction request, as the case may be, based on the realization status of the units held by the investor.
- In the above cases, intimation will be sent to the investor accordingly. Units which are not redeemed/switched will be processed upon confirmation of realization status and on submission of fresh redemption/switch request.

- 12) i. The IDCW would be reinvested in the same Scheme/Plan by issuing additional Units of the Scheme at the prevailing ex-IDCW Net Asset Value per Unit on the record date. There shall be no exit load on the redemption of units allotted as a result of such reinvestment of IDCW.
- ii. IDCW declared will be compulsorily paid out under the "IDCW payout" option of all

schemes which have discontinued fresh subscriptions with effect from October 1, 2012 as per Notice-cum-Addendum no.017/09/2012 published on October 01, 2012.

- iii. The criteria for compulsory reinvestment of IDCW declared under the IDCW payout option of certain schemes, where the IDCW amount is less than the minimum IDCW payout limit, will not be applicable to investors holding their units in DEMAT form. For unit holders, holding units in DEMAT form, if IDCW is declared in any applicable Scheme, the amount will be paid out or reinvested as per the option selected by the unit holders only.

13) **Communication via Electronic Mail (e-mail)**

It is hereby notified that wherever the investor(s) has/have provided his/her e-mail address in the application form or any subsequent communication in any of the folio belonging to the investor(s), the Fund/Asset Management Company reserves the right to use Electronic Mail (e-mail) as a default mode to send various communication which include account statements for transactions done by the investor(s).

The investor(s) may request for a physical account statement by writing or calling the Fund's Investor Service Centre / Registrar & Transfer Agent. In case of specific request received from investor(s), the Fund shall endeavour to provide the account statement to the investor(s) within 5 working days from the receipt of such request.

- 14) **Significant risk factors for debt oriented schemes:** Investments in the Scheme(s) may be affected by risks relating to trading volumes, settlement periods, interest rate, liquidity or marketability, credit, reinvestment, regulatory, investment in unlisted securities, default risk including the possible loss of principal, derivatives, investment in securitised instruments and risk of Co-mingling etc.

Significant risk factors for equity oriented schemes: Investments in the scheme may be affected by trading volumes, settlement periods, volatility, price fluctuations and risks such as liquidity, derivative, market, currency, lending & borrowing, credit & interest rate.

Significant risk factors for hybrid schemes: Investments in the Scheme(s) may be affected by risks relating to trading volumes, settlement periods, volatility, derivative, currency, price fluctuations, lending & borrowing, interest rate, liquidity or marketability, credit, reinvestment, regulatory, investment in unlisted securities, default risk including the possible loss of principal, derivatives, investment in securitised instruments and risk of Co-mingling etc.

- 15) Pursuant to SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009 no entry load shall be charged for all mutual fund schemes. Therefore, the procedure for waiver of load for direct applications is no longer applicable.

- 16) If the Purchase/Switch application does not specifically state the details of the plan then the same shall be processed under the Direct Plan if no distributor code is mentioned in the application. Otherwise it shall be processed as shown below.

Default Plan would be as follows in below mentioned scenarios:

Scenario	ARN Code mentioned/ not mentioned by the investor	Plan mentioned by the investor	Default Plan
1	Not mentioned	Not mentioned	ICICI Prudential <Scheme Name> - Direct Plan
2	Not mentioned	ICICI Prudential <Scheme Name> - Direct Plan	ICICI Prudential <Scheme Name> - Direct Plan

SECTOR RESTRICTIONS FOR DEBT SCHEMES:

Total exposure in a particular sector shall not exceed 20% of the net assets of the Scheme. Sectoral classification as prescribed by AMFI shall be used in this regard. This limit shall not be applicable to investments in Bank CDs, TREPS, G-Secs, T-Bills and AAA rated securities issued

by Public Financial Institutions and Public Sector Banks and short term deposits of scheduled commercial banks. However, an additional exposure not exceeding 10% of the net assets of the Scheme (over and above the limit of 20%) shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only as part of the financial services sector. The additional exposure to such securities issued by HFCs must be rated AA and above and these HFCs should be registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme.

Further an additional exposure of 5% of the net assets of the scheme has been allowed for instruments in securitised debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

INVESTMENT STRATEGIES:

ICICI PRUDENTIAL VALUE DISCOVERY FUND:

The Scheme is an open-ended Scheme that aims to provide long term capital growth by investing primarily in a well-diversified portfolio of companies that are selected based on the criteria of Value Investing. Value investing is an investment strategy where stocks are selected that trade for less than their intrinsic values.

The Scheme proposes to carefully accumulate a portfolio of stocks, which are available at a discount to its intrinsic value through a process of "Discovery". The Discovery Process would be through identification of such stocks, which have attractive valuations in relation to earnings or book value or current and/or future dividends and are available at a price, which can be termed as a bargain. This may constitute stocks, which have depreciated for a short period due to some exceptional circumstance or due to market correction phase or due to lack of interest in investing in a sector, which has significantly under performed the market. Such stocks are considered to have intrinsic value because of their business models and show potential for smart growth in the future. Intrinsic value of a stock is determined through analyzing the financial statements of the companies and parameters such as EPS (Earnings per Share), the Book Value per share, understanding the competition land-scape and business structure of these companies. The universe of stocks for this Scheme will be defined as those stocks whose prices are low relative to their fundamentals, their historic performance, their book values, their earnings and cash flow potential and current and/or future dividends.

For investment, AMC would use industry specific valuation measures to evaluate companies in every sector in order to select the most attractive companies for the portfolio.

The Scheme may also invest a part of its corpus in overseas markets in Global Depository Receipts (GDRs), ADRs, overseas equity, bonds and mutual funds and such other instruments as may be allowed under the Regulations from time to time, including securities issued by companies in terms of the investment objectives of the Scheme.

The Scheme may engage in Stock Lending activities.

The Scheme may invest in derivatives such as Futures & Options and such other derivative instruments like Stock/Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced and permitted by SEBI from time to time. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

ICICI PRUDENTIAL MULTI-ASSET FUND:

The Scheme proposes to invest across asset classes, in line with the asset allocation mentioned in the SID, with the aim of generating capital appreciation and income for investors. With this aim the Investment Manager will allocate the assets of the Scheme predominantly in Equity and equity related instruments, and remaining portion of the corpus in Debt, units of Gold ETFs/ETCDS/units of REITs & InvITs/Preference shares. The actual percentage of investment in other asset classes will be decided after considering the prevailing market conditions, the macroeconomic environment (including interest rates and inflation), the performance of the corporate sector, the equity markets and general liquidity and other considerations in the economy and markets.

The AMC may choose to continuously churn the portfolio of the Scheme in order to achieve the investment objective.

The Scheme proposes to concentrate on business and economic fundamentals driven by in-depth

research techniques, employing strong stock selection. Stockpicking process proposed to be adopted is generally a "bottom-up" approach, seeking to identify companies with above average profitability supported by sustainable competitive advantages and also to use a "top-down" discipline for risk control by ensuring representation of companies from various industries.

The Scheme may also take exposure to various equity derivatives including futures and option strategies, as may be permitted by SEBI from time to time. In case of Debt and Money Market securities, the scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer.

The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Schemes could invest in Fixed Income Securities issued by government, quasi government entities, corporate issuers, structured notes and multilateral agencies in line with the investment objectives of the Scheme and as permitted by SEBI from time to time.

The scheme will also invest in the appropriate exchange traded commodity derivatives or units of gold ETFs in order to achieve the investment objective. The scheme may also invest in Units issued by REITs & InvITs after doing due research on the same. The scheme may also invest in preference shares. Further, the Scheme may invest in other schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity with the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements or other derivative instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitized debt.

The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so with the prior approval of the Board of the AMC/Trustee.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

Given that the Scheme is an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Also, portfolio turnover would be impacted by investment strategy of the scheme. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

ICICI PRUDENTIAL BLUECHIP FUND:

ICICI Prudential Bluechip Fund is an open ended Equity Scheme that seeks to generate long term capital appreciation and income distribution to unitholders from a portfolio that shall predominantly invest in equity and equity related securities belonging to the large cap domain, and balance in equity and equity related securities falling in other than large cap domain and debt securities and money market instruments. For investments in large cap domain, the Fund Manager(s) will select stocks for investment from large cap universe as may be prescribed by SEBI/AMFI from time to time.

The Scheme aims to maximize long term total return by investing predominantly in equity and equity related securities of large cap companies. The Scheme seeks to add the best opportunities that the market presents, without any sector bias. The Scheme shall adopt a disciplined yet flexible long-term approach to investing with a focus of generating long term capital appreciation. The Scheme will follow the bottom up approach to identify bargain stocks with promising potential for long term growth. The Scheme shall look at such opportunities in the universe of large and established companies.

The Scheme may also invest a part of its corpus in overseas markets in Global Depository Receipts (GDRs), ADRs, overseas equity, bonds and mutual funds and such other instruments as may be allowed under the Regulations from time to time. The Scheme may engage in Stock Lending activities.

The Scheme may invest in derivatives such as Futures & Options and such other derivative instruments like Stock/ Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced and permitted by SEBI from time to time. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the

portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations.

As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time.

Such investment shall be made subject to the guidelines which may be prescribed.

ICICI PRUDENTIAL LONG TERM EQUITY FUND (TAX SAVING)

The AMC believes that equities outperform all other asset classes in the long run. It further believes that anomalies exist in the valuation of stocks and that consistently applied fundamental research can identify these opportunities. The AMC will follow an active, value based investment style supported by in-house research. External research will be used whenever necessary.

A value approach to stock picking will be the dominant theme in stock selection for the AMC. The AMC in selecting scrips will focus on the fundamentals of the business, the industry structure, the quality of management, sensitivity to economic factors, the financial strength of the company and the key earnings drivers.

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. Stock specific risk will be minimized by investing only in those companies that have been thoroughly analyzed by the Fund Management team at the AMC. The AMC will also monitor and control maximum exposures to any one security vis-à-vis its weightage in the benchmark.

Risk will also be reduced through adequate diversification of the portfolio. For a corpus size of up to Rs.100 crores, the AMC intends to invest in about 20-30 scrips. Diversification will also be achieved by spreading the investments over a diverse range of industries/sectors. The Scheme, under most market conditions does not intend investing in illiquid equity and equity related securities.

The Scheme may however, invest in unlisted and/or privately placed and/or un-rated debt securities subject to the limits indicated above, from issuers of repute and sound financial standing. If investment is made in unrated debt securities, the same would be done as per the parameters laid down by the Board of Directors of AMC. Otherwise approval of the Boards of the AMC and Trustee shall be obtained, as per the Regulations.

Subject to the limits indicated above for investment in debt securities and money market instruments, the Scheme may invest a part of the portfolio in securities issued and/or guaranteed by State and Central Governments. The Scheme may also invest in Securities of issuers supported by Government of India or State Governments subject to such securities satisfying the criteria relating to rating etc.

The Scheme may invest in other schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations and guidelines governing Equity Linked Savings Schemes. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/ Trustee.

The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

Fixed Income securities

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC will be guided by the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. In case a debt instrument is not rated, such investments shall be made by an internal committee constituted by AMC to approve the investment in un-rated debt securities in terms of the parameters approved by the Board of Trustees and the Board of Asset Management Company.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Schemes could invest in Fixed Income Securities issued by government, quasi government entities, corporate issuers, structured notes and multilateral agencies in line with the investment objectives of the Scheme and as permitted by SEBI from time to time.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

ICICI PRUDENTIAL BALANCED ADVANTAGE FUND

The Scheme will dynamically allocate its net assets to equity and equity related securities and debt instruments. The portfolio construct of the Scheme will be dependent on various factors such as market conditions, economic scenarios, global events, valuation parameters such as Price to Book Value, Price to Earnings, interest rate movement, etc. The gross equity and equity related exposure would be normally maintained between 65%-100%, the net equity exposure can be brought down below 65% through various derivative strategies. The equity exposure is thus dynamically managed and is increased when various factors are favourable towards equity as an asset class or is brought down when the factors are not favourable.

Equity: The Scheme can invest into opportunities available across the market capitalization. A top down approach shall be used to identify growth sectors and bottom up approach to identify individual stocks. The following investment principles shall be followed for equity investments:

Growth: Following growth investment philosophy looking to invest in companies, which are growing at a rapid pace.

Valuations: Look at valuation matrix, invest in companies which are available at attractive valuations.

Diversification: Seek a diversified portfolio across various sectors to mitigate the concentration risk.

Derivatives strategy:

i) Trading in Derivatives

The Scheme may use derivatives instruments like Stock/Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing, within the permissible limit for derivatives as stated under 'How will the Scheme allocate its assets'.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Scheme and the risks attached there with;

Advantages of Derivatives: The volatility in Indian markets both in debt and equity has increased over last few months. Derivatives provide unique flexibility to the Scheme to hedge part of its portfolio. Some of the advantages of specific derivatives are as under:

Position limits for investment in Derivative instruments:

SEBI has vide its Circular DNP/Cir-29/2005 dated September 14, 2005 and DNP/Cir-29/2005 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010 specified the guidelines pertaining to trading by Mutual Fund in Exchange trades derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

- i. Position limit for the Fund in index options contracts
 - a. The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.
 - b. This limit would be applicable on open positions in all options contracts on a particular underlying index
- ii. Position limit for the Fund in index futures contracts:
 - a. The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
 - b. This limit would be applicable on open positions in all futures contracts on a particular underlying index
- iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:

 - a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund's holding of stocks.
 - b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments
- iv. Position limit for the Fund for stock based derivative contracts

The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts-

 - a. The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).
 - b. The MWPL and client level position limits however would remain the same as prescribed
- v. Position limit for the Scheme

The position limits for the Scheme and disclosure requirements are as follows-

 - a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:

1% of the free float market capitalisation (in terms of number of shares).

Or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
 - b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
 - c. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index."

Illustration of some derivative instruments:

- i) **Index Futures:** The Stock Index futures are the instruments designed to give exposure to the equity market indices. BSE Limited and National Stock Exchange of India Limited have started trading in index futures of 1, 2 and 3-month maturities. The pricing of an index future is the function of the underlying index and interest rates.
- ii) **Buying Options:** The Stock or Index Options are the instruments that give the holder of the Options a right but not the obligation to buy (in call option) or sell (in put option) the underlying stock/index at the designated stock price.
- iii) **Interest Rate Swaps and Forward Rate Agreements (FRA):**

An Interest Rate Swap (IRS) is a combination of FRAs in which a fixed interest on a notional principal is exchanged for a floating interest rate equal to the reference rate at periodic intervals over the tenure of the contract.
- iv) **Interest rate futures (IRF):**

IRF means a standardized interest rate derivative contract traded on a recognized stock exchange to buy or sell a notional security or any other interest bearing instrument or an index of such instruments or interest rates at a specified future date, at a price determined at the time of the contract. The underlying security for IRF could be either Government Securities or Treasury Bills. Currently, exchange traded Interest Rate Futures traded on exchange are standardized contracts based on 10-Year Government of India Security and

91 day Treasury bill. IRF contracts are cash settled.

Illustration for Imperfect Hedging

Scenario 1 and 2

Assumption: Portfolio whose duration is 3 years, is being hedged with an IRF whose underlying securities duration is 10 years

Portfolio Duration: 3 year

Market Value of Portfolio: Rs 100 cr

Imperfect Hedging cannot exceed 20% of Portfolio

Maximum extent of short position that may be taken in IRFs is as per below mentioned formula:

Portfolio (security) Modified Duration * Market Value of Portfolio (security) / (Futures Modified Duration * Futures Price/PAR)

Consider that we choose to hedge 20% of portfolio

$(3 * (0.2 * 100)) / (10 * 100/100) = \text{Rs } 6 \text{ cr}$

So we must Sell Rs 6 cr of IRF with underlying duration of 10 years to hedge Rs 20 cr of Portfolio with duration of 3 years.

Scenario 1

If the yield curve moves in a way that the 3 year moves up by 10 bps and the 10 year moves up by 5bps, which means that the short end has moved up more than the long end

Amount of Security in Portfolio (LONG): Rs 20cr

If yields move up buy 10 bps then the price of the security with a modified duration of 3 years will move down by;

Formula: (Yield movement * Duration) * Portfolio Value

$((0.001 * 3) * 20,00,00,000) = -6,00,000$

Underlying IRF (SHORT): Rs 6crs

If yields move up buy 5bps then the price of the security with a duration of 10 years will move down by;

Formula: (Yield movement * Duration) * Portfolio Value

$(-0.0005 * 10) * 6,00,00,000 = 3,00,000$

Since we have sold the IRF, this movement is positive and hence the total loss will be reduced to:

$-6,00,000 + 3,00,000 = -3,00,000$

Due to IRF, the overall impact on the portfolio due to interest rate movement has been reduced.

Scenario 2

If the yield curve moves in a way that the 3 year does not move and the 10 year moves down by 5 bps, which means that the yield curve has flattened.

If yield does not move then the price of the security with a duration of 3 years will remain flat:

Formula: (Yield movement * Duration) * Portfolio Value

$(0 * 3) * 20,00,00,000 = 0$

Underlying IRF (SHORT): Rs 6cr

If yields moves down by 5bps then the price of the security with a duration of 10 years will move up by;

$(0.0005 * 10) * 6,00,00,000 = -3,00,000$

In this scenario, the imperfect hedge created on the portfolio would create a loss on the total position.

Risk associated with imperfect hedging includes:

Basis Risk: The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.

Price Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk of mismatch between the instruments: The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

Correlation weakening and consequent risk of regulatory breach: SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

Risk Factor: The risk arising out of uses of the above derivative strategy as under:

- Lack of opportunities available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Additional risks could be on account of illiquidity and potential mis-pricing of the options.

Valuation of Derivative Products

- The traded derivatives shall be valued at market price in conformity with the valuation policy of the Mutual Fund.
- The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.

The following section describes some of the more common equity derivatives transactions along with their benefits:

1. Basic Structure of a Stock & Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices. BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) provide futures in select stocks and indices with maturities of 1, 2 and 3 months. The pricing of

a stock/index future is the function of the underlying stock/index and short term interest rates.

Example using hypothetical figure

1 month NIFTY 50 Index Future

Say, Fund buys 1,000 futures contracts; each contract value is 50 times futures index price

Purchase Date: Feb 01, 2019

Spot Index: 6036.25

Future Price: 6081.90

Say, Date of Expiry: Feb 24, 2019

Say, Margin: 20%

Assuming the exchange imposes total margin of 20%, the Investment Manager will be required to provide total margin of approx. Rs. 6.08 Cr (i.e. $20\% * 6081.90 * 1000 * 50$) through eligible securities and cash.

Date of Expiry

Assuming on the date of expiry, i.e. Feb 24, 2019, Nifty 50 Index closes at 6100, the net impact will be a profit of Rs 9,05,000 for the fund i.e. $(6100 - 6081.90) * 1000 * 50$

Futures price = Closing spot price = 6100.00

Profits for the Fund = $(6100 - 6081.90) * 1000 * 50 = \text{Rs. } 9,05,000$

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. The net impact for the Fund will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

2. Basic Structure of an Equity Option

An option gives a buyer the right but does not cast the obligation to buy or sell the underlying. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

Example using hypothetical figures on Index Options:

Market type: N

Instrument Type: OPTIDX

Underlying: Nifty

Purchase date: Feb 01, 2019

Expiry date: Feb 24, 2019

Option Type: Put Option (Purchased)

Strike Price: Rs. 6,000.00

Spot Price: Rs. 6036.00

Premium: Rs. 84.00

Lot Size: 50

No. of Contracts: 100

Say, the Fund purchases on Feb 01, 2019, 1 month Put Options on Nifty on the NSE i.e. put options on 5000 shares (100 contracts of 50 shares each) of Nifty.

Date of Exercise

As these are European style options, they can be exercised only on the exercise date i.e. Feb 24, 2019. If the share price of Nifty falls to Rs.5,500 on expiry day, the net impact will be as follows:

Premium expense = $\text{Rs. } 84 * 100 * 50 = \text{Rs. } 4,20,000$

Option Exercised at = Rs. 5,500

Profits for the Fund = $(6000.00 - 5,500.00) * 100 * 50 = \text{Rs. } 25,00,000$

Net Profit = $\text{Rs. } 25,00,000 - \text{Rs. } 4,20,000 = \text{Rs. } 20,80,000$

In the above example, the Investment Manager hedged the market risk on 5000 shares of Nifty Index by purchasing Put Options.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins have been ignored. The purchase of Put Options does not increase the market risk in the fund as the risk is already in the fund's portfolio on account of the underlying asset position. The premium paid for the option is treated as an expense. Additional risks could be on account of illiquidity and potential mis-pricing of the options.

Example of Hedging using Index Futures

The scheme holds stock at current market price of Rs. 100. To hedge the exposure, the scheme will sell index futures for Rs. 100.

The stock will make a gain or a loss subject to its relative out-performance or underperformance of the markets.

Stock A falls by 10% and market index also falls by 10%.

Profit/(Loss) on stock A will be = (Rs. 10)

Profit/(Loss) on Short Nifty futures = Rs. 10

Net Profit/(loss) = Nil

Therefore, hedging allows the scheme to protect against market falls.

Please note that the above examples are only for illustration purposes.

Valuation of Derivative Products:

- The traded derivatives shall be valued at market price in conformity with the valuation policy of the Mutual Fund.
- The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 as amended from time to time.

Various Derivatives Strategies:

If and where Derivative strategies are used under the scheme the Fund Manager will employ a combination of the following strategies:

1. Index Arbitrage:

As the Nifty 50 Index derives its value from fifty underlying stocks, the underlying stocks

can be used to create a synthetic index matching the Nifty Index levels. Also, theoretically, the fair value of a stock/index futures is equal to the spot price plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk, in this case is the Clearing Corporation of the NSE.

Theoretically, therefore, the pricing of Nifty Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. However, due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty Index futures giving rise to arbitrage opportunities.

The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Nifty Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

Risks Associated with this Strategy

- Lack of opportunity available in the market
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices:
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

2. Cash Futures Arbitrage:

(Only one way as funds are not allowed to short in the cash market).

The scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock.

The Scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return.

Buying the stock in cash market and selling the futures results into a hedge where the Plans have locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus there is a convergence between the cash market and the futures market on expiry. This convergence helps the Plans under the Scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

Risk Associated with this Strategy

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

3. Hedging and alpha strategy:

The fund will use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The fund will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling Nifty IT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty Index.

Objective of the Strategy

The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

Risk Associated with this Strategy

- The stock selection under this strategy may under-perform the market and generate a negative alpha.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

4. Other Derivative Strategies:

As allowed under the SEBI guidelines on derivatives, the fund manager will employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

Objective of the Strategy

The objective of the strategy is to earn low volatility consistent returns.

Risk Associated with this Strategy

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

5. Writing call options under Covered call strategy:

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset to generate an income stream. The Scheme may write call options under covered call strategy, as permitted by Regulations.

Benefits of using Covered Call strategy in Mutual Funds:

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. This strategy is also employed when the Fund Manager has a short-term neutral view on the asset and for this reason holds the

asset long and simultaneously takes a short position via covered call option strategy to generate income from the option premium. The strategy offers the following benefits:

Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.

Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction

Illustration – Covered Call strategy using stock call options:

Suppose, a fund manager buys equity stock of ABC Ltd. For Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. The scheme earns a premium of say, Rs. 50. Here, the fund manager does not think that the stock price will exceed Rs. 1100.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, the scheme has earned a premium of Rs. 50 which reduced the purchase cost of the stock (Rs. 1000 – Rs. 50 = Rs. 950).

Net Gain – Rs. 150

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Net Gain – Rs. 50.

Risks for writing covered call options for equity shares

Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced by writing covered call options.

The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

The Schemes could invest in Fixed Income Securities issued by government, quasi government entities, corporate issuers, structured notes and multilateral agencies in line with the investment objectives of the Scheme and as permitted by SEBI from time to time. The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements or other derivative instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitized debt.

The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

The Scheme may invest in Units issued by REITs and InvITs, Preference Shares, ADRs / GDRs / Foreign Securities/overseas ETFs. The Scheme may also engage in Securities lending. The Scheme can take covered-call positions for stock derivatives, as permitted by SEBI.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from

ICICI PRUDENTIAL MULTICAP FUND

Equities:

For the equity portion of the corpus, the AMC intends to invest in stocks across large cap, midcap and small cap. Stock specific risk will be minimized by investing only in those companies that have been thoroughly analyzed by the Investment team at the AMC.

The Scheme may also invest a part of its corpus in overseas markets in Global Depository Receipts (GDRs), ADRs, overseas equity, bonds and mutual funds and such other instruments as may be allowed under the Regulations from time to time.

The Scheme may engage in Stock Lending activities.

The Scheme may invest in derivatives such as Futures & Options and such other derivative instruments like Stock/ Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced and permitted by SEBI from time to time. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations.

Fixed Income securities:

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rig-

orous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies.

The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

ICICI PRUDENTIAL CREDIT RISK FUND

The scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. An appropriate mix of debt market securities and money market securities will be used to achieve this. Money Market securities include cash and cash equivalents. The scheme will have minimum investment of 65% of total assets in corporate bonds rated AA and below. Balance amount will be invested in other debt and money market instruments.

With the aim of controlling risks, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management team of the AMC. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer.

The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity with the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements or other derivative instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitized debt.

The scheme may also invest in Units issued by REITs & InvTs.

The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so with the prior approval of the Board of the AMC/Trustees.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC may create a segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event and to deal with liquidity risk. For more details please refer to SID of the scheme.

ICICI PRUDENTIAL MEDIUM TERM BOND FUND

The scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. An appropriate mix of debt market securities and money market securities will be used to achieve this. Money Market securities include cash and cash equivalents. The scheme will invest in Debt & Money Market securities such that the Macaulay duration of the portfolio is between 3 years and 4 years.

The Macaulay duration is the weighted average term to maturity of the cash flows from a bond. The weight of each cash flow is determined by dividing the present value of the cash flow by the price.

The fund manager may, in the interest of investors, in case of anticipated adverse situation reduce the portfolio duration of the scheme up to a duration of 1 year. In such cases, the AMC shall record and maintain the reasons for the same. The reasons shall be placed before the Trustees in the subsequent Trustee meeting.

With the aim of controlling risks, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management team of the AMC. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer.

The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity with the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements or other derivative instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme

to certain risks inherent to such derivatives. It may also invest in securitized debt.

The scheme may also invest in Units issued by REITs & InvTs.

The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so with the prior approval of the Board of the AMC/Trustees.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC may create a segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event and to deal with liquidity risk. For more details please refer to SID of the scheme.

ICICI PRUDENTIAL INDIA OPPORTUNITIES FUND

The scheme follows a blend of value and growth style of investing. The fund will follow a bottom-up approach to stock-picking. The scheme will invest in stocks with an emphasis on opportunities presented by special situations such as corporate restructuring, Government policy and/or regulatory changes, companies going through temporary unique challenges and other similar instances.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

ICICI PRUDENTIAL FLOATING INTEREST FUND

The scheme aims to invest predominantly in floating rate instruments, which includes instruments where returns are linked to a floating rate benchmark or fixed rate instruments converted to floating rate exposures using swaps/derivatives. Minimum investment in floating rate instruments would be 65% of the total assets. The scheme can have 0% - 35% of the total assets invested in fixed rate securities including money market securities, government securities and other debt securities in the portfolio. Money Market securities include cash and cash equivalents.

With the aim of controlling risks, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management team of the AMC. The credit evaluation includes a study of the operating environment of the company, the past track record as well as the future prospects of the issuer, the short as well as longer-term financial health of the issuer.

The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity with the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements or other derivative instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitized debt.

The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed. For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so with the prior approval of the Board of the AMC/Trustees.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

The AMC may create a segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event and to deal with liquidity risk. For more details please refer to SID of the scheme.

ICICI PRUDENTIAL ASSET ALLOCATOR FUND (FOF)

Subject to the Regulations and other prevailing laws as applicable, the Scheme can invest in any (but not exclusively) of the following category of the schemes:

1. Units of Equity oriented Schemes;
2. Units of Debt oriented Schemes;
3. Units of Gold ETF/Schemes;

The scheme allocates its net assets dynamically between equity oriented/debt oriented/gold schemes. The scheme invests in Money Market Securities as per the prevailing regulations from time to time, only for the purpose of liquidity requirements. The Scheme will allocate its assets between equity oriented, debt oriented and gold ETF/schemes depending on the in-house valuation model.

The valuation model consists of following broad parameters such as

- Earning Yield of Equity
- Bond Yield
- Currency
- Crude

Post analyzing the above mentioned parameters, the Fund Manager will determine the relative allocation to equity oriented, debt oriented and gold ETF/schemes.

ICICI PRUDENTIAL MNC FUND

The Scheme will follow a bottom-up approach to stock-picking and primarily choose companies across sectors/market capitalization which falls under the criteria of MNC.

MNCs will be those:

1. Foreign promoters account for more than 25% of the shareholding or
2. Any company that is a subsidiary, Joint Venture (JV), associate of a foreign company or
3. Any Indian company having more than 50% of its turnover/ revenue from regions outside India or
4. Any company (including foreign companies) which operates in multiple countries.

The Scheme may also take exposure in any other company which in view of the fund manager can be classified as MNC.

The scheme can also invest in equity & equity related securities of other companies as stated in the asset allocation table.

The scheme will be following a blend approach, a combination of value and growth, to build the portfolio. The scheme intends to invest in stocks across large cap, midcap, small cap.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. The Scheme may also invest in depository receipts including American Depository Receipts (ADRs) and Global Depository Receipts (GDRs).

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements Stock / Index Futures or Options or other instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitized debt.

The Scheme may also invest in depository receipts including American Depository Receipts (ADRs) and Global Depository Receipts (GDRs).

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

Given that the Scheme is an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Also, portfolio turnover would be impacted by investment strategy of the scheme. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio

ICICI PRUDENTIAL ESG FUND

The Scheme shall investment minimum 80% of its total assets in equity & equity related instruments of companies identified based on the Environmental, Social and Governance (ESG) criteria.

The stock selection for the core portfolio shall be based on Environmental, Social & Governance (ESG) aspects of the companies. The endeavor of the Scheme would be to follow ESG parameters which can impact or pose risks to the long-term sustainability of the business, delve deeper into a company's management practices, culture and risk profile which would thereby help in understanding the impact on long term investors.

The Scheme shall invest in stocks which are forming part of the benchmark index and/or stocks in our research coverage, based on ESG scores and having an ESG orientation in the opinion of the fund manager.

As part of the internal research process, each company shall be assigned an ESG score based on their policies, processes and practices with regard to environment, social development and corporate governance. To arrive at an ESG score, the AMC shall use various publicly available information and/or data shared by external service provider. For companies which lack data/information (eg. IPO, merger or amalgamation or scheme arrangements, etc), the fund manager and/or research analysts shall carry out internal research by engaging with the company or collecting information through public sources.

The AMC believes that good corporate governance is the key to a sustainable organization and therefore, we evaluate the board composition, accounting and audit quality and disclosures, anti-corruption policies etc. to assess their governance practices.

ESG research will be an integral part of research process and investment decision making. ESG research focuses on the critical environmental, social and governance factors which can have a material impact on the long-term sustainable performance of the company. The AMC also focuses on companies with scalable and sustainable business model in terms of growth, profitability and judicious allocation of capital. Furthermore, the AMC has subscribed to ESG analysis reports which would provide guidance in doing ESG Analysis. In addition, any company-related or sector-related news updates, which would have a material impact on ESG would be taken into consideration for reassessing the respective companies on ESG parameters.

The AMC may engage with companies rated with relatively lower ESG scores. Consequently, the AMC may consider investing in such companies which display the potential to improve their ESG scores over time.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. The Scheme shall use index based derivative that shall be a composition of stock e.g. Nifty 50 or Nifty Bank. These index based derivative may not follow the ESG based philosophy.

The Scheme may also invest in foreign securities, depository receipts including American Depository Receipts (ADRs) and Global Depository Receipts (GDRs), including securities issued by companies identified based on the Environmental, Social and Governance (ESG) theme. The exposure to foreign securities may be taken based on ESG research information shared by the external research providers.

The scheme may also invest in Units issued by REITs & InvITs, preference shares and other permissible asset classes after doing due research on the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

The scheme may invest up to 20% of its net assets in other Equity and Equity related Instruments with an intent that such investment is not starkly in contrast to the investment objective. Thus, investment up to 20% may be done in the companies which display or disclose positive steps towards integrating ESG in their operations and business strategies going forward.

Exclusions from the Scheme

As part of our Responsible Investment strategy, we do not invest in the following sectors or companies for applicable ESG funds/schemes:

- The companies involved in the development, manufacture, maintenance or has a dedicated research of controversial weapons (that can cause harm and have irreversible effects on the societal wellbeing)
- The companies which are involved in the production or distribution of tobacco or related products.
- The companies which have a compromised governance framework and has other ESG related issues such as violation of national regulatory frameworks etc.

Further, we also consider ESG ratings and scores provided by other ESG research provider sources as recommended by local regulators and industry associations while analyzing the investment opportunity from an ESG lens.

The portfolio shall be reviewed and rebalanced on periodic basis due to change in ESG score of a particular stock forming part of the Scheme's portfolio. The Fund Manager may at his discretion carry out ad-hoc rebalancing in case of adverse news/information about the stock forming part of the Scheme's portfolio.

Best-in-Class and Positive Screening

The AMC has developed a fundamental investment framework to evaluate companies on ESG for its equity investments. ESG analysis is a mandatory component of our company selection process.

We endeavor to invest in the companies which are ESG compliant and score better on ESG parameters than the sectoral peers. As part of the process, investee companies in same sector are compared on their ESG performances and scored internally to arrive at the list of best-in-class companies in the respective sectors.

Fixed Income Securities

The Scheme may also invest in Debt and Money Market Securities/Instruments. The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. The Scheme may invest in securitized debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements Stock/Index Futures or Options or other instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitized debt.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

Given that the Scheme is an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Also, portfolio turnover would be impacted by investment strategy of the scheme. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

ICICI PRUDENTIAL BUSINESS CYCLE FUND

The Scheme will be a diversified equity fund which will invest predominantly in equity and equity related securities with focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles.

Business cycles in an economy are typically characterized by the fluctuations in economic activity measured by real Gross Domestic Product growth and other macroeconomic variables. A business cycle is basically defined in terms of periods of expansion and contraction. During expansions, the economy is growing in real terms (i.e. excluding inflation), as evidenced by increases in indicators like employment, industrial production, sales and personal incomes. During Contraction, the economy is contracting, as measured by decreases in the above indicators.

The business cycle can be effectively used to position one's investment portfolio. The business cycle is a critical determinant of equity sector performance over the intermediate term. The Scheme would aim to deploy the business cycle approach in investing by identifying economic trends and investing in the sectors and stocks that are likely to outperform at any given stage of business cycle. The fund manager will consider economic parameters (like Current Account Deficit, fiscal deficit, interest rates, inflation), investment indicators (like investment in capex, new projects cleared, etc.), business and consumer sentiment (purchasing manager index, business confidence index, sales of various consumer discretionary products, etc.) to decide on the expansion or contraction phase. For instance, during the early expansion phase, cyclical stocks tend to outperform. In the contraction period, the defensive groups like health care, consumer staples, etc. outperform because of their stable cash flows and dividend yields.

The Scheme can also invest in other equity and equity related instruments.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest.

The Scheme may also invest in foreign securities, depository receipts including American Depository Receipts (ADRs) and Global Depository Receipts (GDRs). The scheme may also invest in Units issued by REITs & InvITs, preference shares and other permissible asset classes after doing due research on the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme may use derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements Stock / Index Futures or Options or other instruments for the purpose of hedging, portfolio balancing and other purposes, as permitted under the Regulations. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Usage of derivatives may expose the Scheme to certain risks inherent to such derivatives. It may also invest in securitised debt.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

Given that the Scheme is an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Also, portfolio turnover would be impacted by investment strategy of the scheme. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

The AMC may create a segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event and to deal with liquidity risk. For more details, please refer SID of the scheme.

ICICI PRUDENTIAL FLEXICAP FUND

Equities: The Scheme shall predominately invest in equity & equity related securities across market capitalisation. Stock specific risk will be minimized by investing only in those companies that have been thoroughly analyzed by the Investment team at the AMC. The following are the broad parameters/factors that shall be considered while building the portfolio of companies.

- a) business and economic fundamentals driven by in-depth research techniques
- b) employing strong stock selection
- c) liquidity/risk considerations
- d) long term growth prospects
- e) valuation parameters

The scheme may also invest in other equity and equity related securities.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies.

The Scheme may invest in securitised debt.

The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates.

The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme may also invest a part of its corpus in American Depository Receipts (ADRs), Global Depository Receipts (GDRs), foreign securities, Investments through primary market such as IPOs, securities received through corporate actions, private placements etc., bonds and mutual funds and such other instruments as may be allowed under the Regulations from time to time. The Scheme may engage in Stock Lending activities. The Scheme may invest in derivatives such as Futures & Options and such other derivative instruments like Stock/ Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced and permitted by SEBI from time to time, subject to approval from SEBI as required. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations, including covered call. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations.

The Scheme can invest in preference shares and units of REITs and InvITs.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments. For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee.

Portfolio Turnover

Portfolio Turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

ICICI PRUDENTIAL INCOME OPTIMIZER FUND (FOF)

Subject to the Regulations and other prevailing laws as applicable, the Scheme can invest in any (but not exclusively) of the following category of schemes:

1. Units of Equity oriented Schemes;
2. Units of Debt oriented Schemes;
3. Units of Hybrid oriented Schemes;

The Scheme will invest based on the investment objective and asset allocation pattern of ICICI Prudential Income Optimizer Fund (FOF). The fund manager based on their outlook will decide on the weightage of each scheme.

For investing in debt oriented schemes, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates.

With an aim to generate capital appreciation, the Scheme will invest in equity oriented & hybrid oriented schemes.

ICICI PRUDENTIAL HOUSING OPPORTUNITIES FUND

The Scheme shall endeavor to generate capital appreciation by investing in equity & equity related instruments of entities that are engaged in and/or expected to benefit out of the housing theme.

For reference, the list of eligible basic industries (from which the entities shall be selected for investment) to be considered under the 'Housing Theme' will be as follows:

- 1 AIR CONDITIONER
- 2 CABLES – ELECTRICALS
- 3 CEMENT
- 4 CEMENT PRODUCTS
- 5 CONSUMER ELECTRONICS
- 6 ENGINEERING-DESIGNING-CONSTRUCTION
- 7 FURNITURE, HOME FURNISHING, FLOORING
- 8 GLASS – CONSUMER
- 9 HOME APPLIANCES, HOUSEWARES
- 10 HOUSING FINANCE
- 11 PAINTS
- 12 PLYWOOD BOARDS/ LAMINATES
- 13 RESIDENTIAL/COMMERCIAL/SEZ Project
- 14 SANITARY WARE
- 15 PRIVATE SECTOR BANK
- 16 PUBLIC SECTOR BANK
- 17 POWER
- 18 STEEL
- 19 LPG/CNG/PNG/LNG SUPPLIER

20 Any other basic industry which is forming part of the benchmark index.

The stocks may be at any levels of market capitalization. The Fund Manager would aim to build a portfolio by identifying entities within the list of basic industries under Housing theme that have potential for meaningful growth and which have a certain sustainable competitive advantage.

The Scheme can invest upto 20% in other equities and equity related securities.

The Scheme may also invest a part of its corpus in overseas markets in Global Depository Receipts (GDRs), ADRs, foreign equity securities, mutual funds and such other instruments as may be allowed under the Regulations from time to time, including securities issued by companies engaged in Housing theme. The Scheme may engage in Stock Lending activities. The Scheme may invest in derivatives such as Futures & Options and such other derivative instruments like Stock/ Index Futures, Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced and permitted by SEBI from time to time. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations, including covered call. Hedging using Interest Rate Futures could be perfect or imperfect, subject to applicable regulations. Limits and Restrictions pertaining to exposure to covered call has been mentioned in the "Investment Restriction" section of this SID on Page 68.

Fixed Income securities

The Scheme may also invest in Debt and Money Market Securities/Instruments (Money Market securities include cash and cash equivalents). The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. With the aim of controlling risks rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the Risk Management Team of the AMC. The credit evaluation includes a study of the operating environment of the issuer, the short as well as long-term financial health of the issuer. Rated debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies.

The Scheme may invest in securitised debt.

In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates.

The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

Further, the Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments. For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the prior approval of the Board of the AMC/Trustee. The scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions transactions there from and calculated as a percentage of the average assets under management of the Scheme during a specified period of time.

Given that the Scheme is an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Also, portfolio turnover would be impacted by investment strategy of the scheme. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

SCHEME DIFFERENTIATION

ICICI Prudential Value Discovery Fund: An open ended equity scheme following a value investment strategy.

ICICI Prudential Multi-Asset Fund: An open ended scheme investing in Equity, Debt and Exchange Traded Commodity Derivatives/units of Gold ETFs/units of REITs & InvITs/Preference shares.

ICICI Prudential Bluechip Fund: An open ended equity scheme predominantly investing in large cap stocks.

ICICI Prudential Long Term Equity Fund (Tax Saving): An open ended Equity Linked Savings Scheme with a statutory lock in of 3 years and tax benefit.

ICICI Prudential Balanced Advantage Fund: An Open Ended Dynamic Asset Allocation Fund.

ICICI Prudential Multicap Fund: An open ended equity scheme investing across large cap, mid cap and small cap stocks.

ICICI Prudential Credit Risk Fund: An open ended debt scheme predominantly investing in AA and below rated corporate bonds. A relatively high interest rate risk and relatively high credit risk.

ICICI Prudential Medium Term Bond Fund: An open ended debt scheme investing in instruments such that the Macaulay Duration of the portfolio is between 3 – 4 years (please refer to page no. 1 for definition of Macaulay Duration). The Macaulay duration of the portfolio is 1 Year to 4 years under anticipated adverse situation. A relatively high interest rate risk and moderate credit risk.

ICICI Prudential India Opportunities Fund: An open ended equity scheme following special situations theme.

ICICI Prudential Floating Interest Fund: An open ended debt scheme predominantly investing in floating rate instruments (including fixed rate instruments converted to floating rate exposures using swaps/derivatives). A relatively high interest rate risk and moderate credit risk.

ICICI Prudential Asset Allocator Fund (FOF): An open ended fund of funds scheme investing in equity oriented schemes, debt oriented schemes and gold ETF/schemes.

ICICI Prudential MNC Fund: An open ended equity scheme following MNC theme.

ICICI Prudential ESG Fund: An open ended equity scheme investing in companies identified based on the Environmental, Social and Governance (ESG) theme.

ICICI Prudential Business Cycle Fund: An open ended equity scheme following business cycles based investing theme.

ICICI Prudential Flexicap Fund: An open ended dynamic equity scheme investing across large cap, mid cap & small cap stocks.

ICICI Prudential Income Optimizer Fund (FOF): An open ended fund of funds scheme predominantly investing in debt oriented schemes and may also invest in equity & hybrid schemes.

ICICI Prudential Housing Opportunities Fund: An open ended equity scheme following housing theme.

COMPARISON BETWEEN SCHEMES

For comparison between various schemes: Kindly refer to "Key Scheme Features"

SUSPENSION OF SALE AND REDEMPTION OF UNITS

Suspension or restriction of repurchase/ redemption facility under any scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees. After obtaining the approval from the AMC Board and the Trustees, additionally, the following requirements shall need to be observed before imposing restriction on redemptions:

- a) Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:
 - i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security.
 - ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.
 - iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.
- b) Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.
- c) Any imposition of restriction would require specific approval of Board of AMC and Trustees and the same should be informed to SEBI immediately.
- d) When restriction on redemption is imposed, the following procedure shall be applied:
 1. No redemption requests up to INR 2 lakh shall be subject to such restriction.
 2. Where redemption requests are above INR 2 lakh, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction.

RIGHT TO LIMIT REDEMPTIONS

Any Units, which by virtue of these limitations are not redeemed on a particular Business Day, will be carried forward for Redemption to the next Business Day, in order of receipt. Redemptions so carried forward will be priced on the basis of the Applicable NAV (subject to the prevailing load) of the Business Day on which Redemption is made. Under such circumstances, to the extent multiple Redemption requests are received at the same time on a single Business Day, Redemptions will be made on pro-rata basis, based on the size of each Redemption request, the balance amount being carried forward for Redemption to the next Business Day(s).

Suspension or restriction of repurchase/ redemption facility under any Scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees. After obtaining the approval from the AMC Board and the Trustees, intimation would be sent to SEBI in advance providing details of circumstances and justification for the proposed action shall also be informed.

NAME OF THE TRUSTEE COMPANY: ICICI PRUDENTIAL TRUST LIMITED

Risk Factors:

➤ For investments in Equities –

- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.
- The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell / lend out securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the scheme is vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the AMC may choose to invest in unlisted securities that offer attractive yields. This may however increase the risk of the portfolio.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the scheme may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances it will be difficult to complete the square off transaction due

to liquidity being poor in stock futures/spot market. However fund will aim at taking exposure into relatively liquid stocks where there will be minimal risk to square off the transaction. The Scheme investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.

- The scheme is also vulnerable to movements in the prices of securities invested by the scheme which again could have a material bearing on the overall returns from the scheme. These stocks, at times, may be relatively less liquid as compared to growth stocks.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Scheme or business prospects of the Company in any particular sector.

➤ **For investments in Bonds – Fixed Income Securities:**

- Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Schemes' portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Plan, in case of a subsequent decline in the value of securities held in the Schemes' portfolio.
- Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the scheme has the power to invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise their investments in unlisted securities at a fair value.
- Market Risk/Interest Rate Risk:** The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates. The movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc.
- Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
- Credit Risk:** Investments in Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.
- The scheme may also invest in Units of Debt oriented mutual fund schemes which are also subject to risks as stated above.

➤ **Risks associated with Investing in Foreign Securities - ADRs/GDRs/other overseas investments:**

It is AMC's belief that the investment in ADRs/GDRs/overseas securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Schemes. Since the Schemes would invest only partially in ADRs/GDRs/overseas securities, there may not be readily available and widely accepted benchmarks to measure performance of the Schemes. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Schemes will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be

adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Investors are requested to note that the costs associated with overseas investments like advisory fees (other than those expenses permissible under regulation 52 of SEBI Regulations) would not be borne by the scheme.

➤ **Risks associated with Investing in Derivatives:**

- The Scheme may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The Fund may use derivatives instruments like Stock Index Futures, Interest Rate Swaps, Forward Rate Agreements or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.
- The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.
- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:
 - Lack of opportunity available in the market.
 - The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
 - **Execution Risk:** The prices which are seen on the screen need not be the same at which execution will take place.
 - **Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged.
 - Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.

➤ **Risks associated with investing in Securitised Debt**

Securitization: Background, Risk Analysis, Mitigation, Investment Strategy and Other Related Information

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, microfinance companies or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers. Generally available asset classes for securitization in India are:

- o Commercial vehicles
- o Auto and two wheeler pools
- o Mortgage pools (residential housing loans)
- o Personal loan, credit card and other retail loans
- o Corporate loans/receivables
- o Microfinance receivables

For complete details of the above risk factor, kindly refer to the Scheme Information Document.

➤ **Risks associated with Securities Lending & Borrowing (SLB)**

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

Subject to the Regulations and the applicable guidelines, the Scheme there under may, if the Trustee permits, engage in stock lending. Stock lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on expiry of the stipulated period. The Scheme, under normal circumstances, shall not have exposure of more than 50% of its net assets in stock lending. The AMC shall report to the Trustee on a quarterly basis as to the level of lending in terms of value, volume and the names of the intermediaries and the earnings/losses arising out of the transactions, the value of collateral security offered etc. The Trustees shall offer their comments on the above aspect in the report filed with SEBI under sub-regulation 23(a) of Regulation 18.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the

intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

The maximum permissible SLB exposure shall be 50% of Net Assets of the Scheme.

➤ **Risks associated with investing in Tri Party Repo through CCIL (TREPS):**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

➤ **Risks associated with Repo Transactions in Corporate Debt Securities**

Lending transactions:

The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

Borrowing transactions:

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

➤ **RISKS FOR WRITING COVERED CALL OPTIONS FOR EQUITY SHARES**

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset to generate an income stream. The Scheme may write call options under covered call strategy, as permitted by the regulations. Risks associated thereto are mentioned below:

- Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced by writing covered call options.
- The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.
- The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.
- The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

➤ **Risk factors with respect to imperfect hedging using interest rate futures:**

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

- Perfect Hedging means hedging the underlying using IRF contract of same underlying.
- Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- 1) Corporate Bonds and Government securities or
- 2) Only Corporate debt securities or
- 3) Only government securities with different maturities

Risk associated with imperfect hedging includes:

Basis Risk: The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.

Price Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk of mismatch between the instruments: The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

Correlation weakening and consequent risk of regulatory breach: SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90 day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

➤ **Risk factors associated with investing in Preference Shares:**

Credit Risk - Investments in Preference Shares are subject to the risk of an issuer's inability to meet dividend and redemption by the issuer. Further, for non-cumulative preference shares, issuer also has an option to not pay dividends on preference shares in case of inadequate profits in any year.

Liquidity Risk - Preference shares lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.

Unsecured in nature - Preference shares are unsecured in nature and rank lower than secured and unsecured debt in hierarchy of payments in case of liquidation. Thus, there is significant risk of capital erosion in case the company goes into liquidation.

Market Risk - The schemes will be vulnerable to movements in the prices of securities invested by the schemes which could have a material bearing on the overall returns from the schemes.

➤ **Risk Factors Associated with Investments in REITs and InvITS:**

Market Risk:

REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures. The scheme will undertake active portfolio management as per the investment objective to reduce the market risk.

Liquidity Risk:

As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk. The fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying units.

Reinvestment Risk:

Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

➤ **Risks associated with Investing in Structured Obligation (SO) & Credit Enhancement (CE) rated securities:**

- The risks factors stated below for the Structured Obligations & Credit Enhancement are in addition to the risk factors associated with debt instruments.
- Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/ mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer
- Liquidity Risk:** SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is adversely affected compared to similar rated debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to sell such debt instruments and generate liquidity for the scheme or higher impact cost when such instruments are sold.
- Credit Risk:** The credit risk of debt instruments which are CE rated derives rating based on the combined strength of the issuer as well as the structure. Hence, any weakness in either

the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to ability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. In case of SO transactions, comingling risk and risk of servicer increases the overall risk for the securitized debt or assets backed transactions. Therefore apart from issuer level credit risk such debt instruments are also susceptible to structure related credit risk.

➤ **Risk factors associated with creation of segregated portfolios:**

1. **Liquidity risk** – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. **Valuation risk** - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity/ equity related securities and utilising debt and money market instruments as a defensive investment strategy. Given the nature of the Scheme, the portfolio turnover ratio may be very high and AMC may change the full portfolio from say all Equity to all Cash and/or to all long /short term Bonds, commensurate with the investment objectives of the Scheme. At times such churning of portfolios may lead to substantial losses due to subsequent adverse developments in the capital markets or unfavourable market movements. In view of the same, there can be no assurance that the investment objective of the Scheme will be realised.

RISK MANAGEMENT STRATEGIES

The Scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity and debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Scheme has identified following risks of investing in equity and debt securities and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risks associated with Equity investments	
Concentration Risk: Concentration risk represents the probability of loss arising from heavily lopsided exposure to a particular group of sectors or securities.	The Scheme will try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.
Market Risk: The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme.	Market risk is a risk which is inherent to an equity scheme. The Schemes may use derivatives to limit this risk.
Liquidity risk: The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.	As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.
Derivatives Risk: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. Fund managers will endeavor to use derivatives which are relatively liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into.

Risks associated with Equity investments	
Currency Risk: The Scheme will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency (US\$), the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.

Risks associated with Debt investment	
Market Risk/ Interest Rate Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The scheme will undertake the active portfolio management as per the investment objective to reduce the market risk. In a rising interest rates scenario the scheme will increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.
Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The Scheme will however, endeavor to minimize liquidity risk by investing in securities having a liquid market.
Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security)..	Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. In case of securitized debt instruments, the Scheme will ensure that these instruments are sufficiently backed by assets.
Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
Derivatives Risk: As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	The Scheme has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre-approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.

Risks associated with Debt investment**Currency Risk:**

The Scheme will invest in foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currency (US\$), the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.

The scheme subject to applicable regulations, shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Scheme may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.

All currency derivatives trade, if any will be done only through the stock exchange platform.

Risks associated with units of Gold ETFs

Liquidity risk: Inability to buy / sell appropriate quantity of Gold ETF units.

For small amounts of inflows/outflows which are less than the creation size of Gold ETF, the scheme may buy/sell Gold ETF units directly on the stock exchange.

The underlying scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements. The underlying scheme has to sell gold only to bullion bankers / traders who are authorized to buy gold. Though, there are adequate numbers of players (commercial or bullion bankers) to whom the underlying scheme can sell gold, the underlying scheme may have to resort to distress sale of gold if there is no or low demand for gold to meet its cash needs of redemption or expenses. The Trustee, in general interest of the Unit holders of the underlying scheme offered under its Scheme Information Document and keeping in view of the unforeseen circumstances / unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day.

SCHEME PERFORMANCE RECORD

ICICI Prudential Value Discovery Fund

Growth Option (As of March 31, 2022)

Period	Scheme Returns	Benchmark Returns
1 Year	31.62%	28.04%
3 Years	20.05%	11.28%
5 Years	14.06%	5.18%
Since Inception (16-Aug-04)	20.12%	NA

Past performance may or may not be sustained in future. • Returns : CAGR • Benchmark is NIFTY 500 TRI • For computation of since inception returns the allotment NAV has been taken as Rs. 10.00. NAV of growth option is considered for computation without considering the load". The performance of the scheme is benchmarked to the Total Return variant of the Index. As the scheme was launched before the launch of the benchmark index, benchmark index figures since inception or the required period are not available.

The benchmark of this scheme has been revised from S&P BSE 500 TRI to Nifty 500 Value 50 TRI w.e.f. February 17, 2020 and from Nifty 500 Value 50 TRI to Nifty 500 TRI w.e.f. January 01, 2022.

The performance disclosed above is of ICICI Prudential Value Discovery Fund. Performance of merging schemes i.e. ICICI Prudential Value Fund - Series 18, ICICI Prudential Value Fund - Series 19 and ICICI Prudential Value Fund - Series 20 will be made available to investors on request.

Absolute Returns for each financial year for the last 5 years:

Past performance may or may not be sustained in future.

ICICI Prudential Multi-Asset Fund

Growth Option (As of March 31, 2022)

Period	Scheme Returns	Benchmark Returns
1 Year	31.10%	17.23%

Since Inception (09-Oct-2020)	20.73%	31.58%

Past performance may or may not be sustained in future. • Returns : CAGR • Benchmark is NIFTY 100 ESG TRI • For computation of since inception returns the allotment NAV has been taken as Rs. 10.00. NAV of growth option is considered for computation without considering the load". The performance of the scheme is benchmarked to the Total Return variant of the Index. As inception date of scheme is October 9, 2020, performance details for 3 years and 5 years are not available.

Absolute Returns for each financial year for the last 5 years (Growth Option):

Past performance may or may not be sustained in future. Absolute returns are provided for the above mentioned financial years. For computation of returns the allotment NAV has been taken as Rs. 10. NAV is considered for computation of returns without considering load.

ICICI Prudential Business Cycle Fund

Growth Option (As of March 31, 2022)

Period	Scheme Returns	Benchmark Returns
1 Year	21.90%	22.29%
3 Years	-	-
5 Years	-	-
Since Inception (18-Jan-2021)	23.38%	23.01%

Past performance may or may not be sustained in future. • Returns : CAGR • Benchmark is Nifty 500 TRI • For computation of since inception returns the allotment NAV has been taken as Rs. 10.00. NAV of growth option is considered for computation without considering the load". As inception date of scheme is January 18, 2021, performance details for 3 years and 5 years are not available.

Absolute Returns for each financial year for the last 5 years (Growth Option):

Past performance may or may not be sustained in future. Absolute returns are provided for the above mentioned financial years. For computation of returns the allotment NAV has been taken as Rs. 10. NAV is considered for computation of returns without considering load.

ICICI Prudential Flexicap Fund

Growth Option (As of March 31, 2022)

Since the Inception date of the Scheme is July 17, 2021 and not completed 1 year hence its performance is not available. Benchmark is **S&P BSE 500 TRI**.

ICICI Prudential Income Optimizer Fund (FOF)

Growth Option (As of March 31, 2022)

Period	Scheme Returns	Benchmark Returns
1 Year	9.48%	10.06%
3 Years	9.19%	11.44%
5 Years	8.23%	10.31%
Since Inception (18/12/2003)	8.51%	8.79%

Performance of the scheme is benchmarked to total return variant of the index. Past performance may or may not be sustained in the future. Returns greater than 1 Year are CAGR. For computation of returns the allotment NAV has been taken as Rs. 10.00 without considering the load. Date of inception of the scheme is December 18, 2003. Benchmark of the scheme is NIFTY 50 TRI (35%) + CRISIL Composite Bond Fund Index (65%).

Absolute Returns for each financial year:

Past performance may or may not be sustained in the future. The above returns for the last five financial years are absolute returns. Date of inception of the scheme is December 18, 2003. Performance of the Scheme is benchmarked to total return variant of the index.

CICI Prudential Housing Opportunities Fund

Growth Option (As of March 31, 2022)

Since the Inception date of the Scheme is March 28, 2022 and not completed 1 year hence its performance is not available. Benchmark is **Nifty Housing TRI**.

RECURRING EXPENSES:

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

First Rs. 500 crore	Next Rs. 250 crore	Next Rs. 1,250 crore	Next Rs. 3,000 crore	Next Rs. 5,000 crore	Next Rs.40,000 crores	Balance
2.25%	2.00%	1.75%	1.60%	1.50%	TER reduction of 0.05% for every increase of Rs. 5,000 crore of daily net assets or part thereof	1.05%

The above expense percentage excludes additional expenses that can be charged towards: i) 5 bps under the Regulation 52(6A)(c), ii) 30 bps for gross new inflows from B30 cities and iii) Goods and Services Tax on investment management and advisory fees. The same is more specifically elaborated below.

Pursuant to SEBI circulars no. CIR/IMD/DF/21/2012 dated September 13, 2012, SEBI/HO/IMD/DF2/CIR/P/2018/16 dated February 02, 2018, SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations 2018, following additional costs or expenses may be charged to the scheme, namely:

- The AMC may charge Goods and Services Tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas Goods and Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.
- expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from B30 cities as specified by the Securities and Exchange Board of India, from time to time are at least –
 - 30 per cent of the gross new inflows from retail investors from B30 cities into the scheme, or;
 - 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher;

Provided that if inflows from B30 cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from B30 cities;

Provided further that amount incurred as expense on account of inflows from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

For above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4) of Regulation 52 of the Regulations, not exceeding 0.05 per cent of daily net assets of the scheme. However, such additional expenses will not be charged if exit load is not levied or not applicable to the Scheme.

At least 2 basis points on daily net assets shall be annually set apart for investor education and awareness initiatives. The same shall be within limits specified under Regulation 52 of the SEBI (Mutual Funds) Regulation.

Further, the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Goods and Services Tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

Expenses shall be charged / borne in accordance with the Regulations prevailing from time to time.

Investors are requested to refer to the SID for details of recurring expenses applicable to the scheme.

POLICY FOR DECLARATION OF INCOME DISTRIBUTION CUM CAPITAL WITHDRAWAL:

As per the SEBI (MF) Regulations, the Mutual Fund shall despatch to the Unit Holders, IDCW warrants within 15 days from the record date. IDCW will be payable to those Unit Holders whose names appear in the Register of Unit Holders on the date (Record Date). IDCW will be paid by cheque, net of taxes as may be applicable. Unit Holders will also have the option of direct payment of IDCW to the bank account. The cheques will be drawn in the name of the sole/first holder and will be posted to the Registered address of the sole/first holder as indicated in the original application form. To safeguard the interest of Unit Holders from loss or theft of IDCW cheques, investors should provide the name of their bank, branch and account number in the application form. IDCW cheques will be sent to the Unit Holder after incorporating such information. The minimum amount for IDCW payout shall be Rs.100, else IDCW would be mandatorily reinvested. In the event of failure to dispatch IDCW within 15 days, the AMC shall be liable to pay interest at 15% per annum to the unit holders. With respect to payment of interest in the event of failure of dispatch of IDCW payments within the stipulated time period, the interest for the delayed payment of IDCW shall be calculated from the record date. The treatment of unclaimed redemption & IDCW amount will be as per SEBI circular dated Feb 25, 2016 and July 30, 2021 and any other circular published by SEBI from time to time.

It should, however, be noted that actual distribution of IDCW will depend, inter-alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustee.

Equalization Reserve: When units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains is credited to an Equalization Reserve Account and which can be used to pay IDCW. IDCW can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

WAIVER OF LOAD FOR DIRECT APPLICATIONS:

Not applicable.

TAX BENEFITS OF INVESTING IN THE MUTUAL FUND:

Investors are advised to refer to Statement of Additional Information (SAI) available on the website of AMC viz: www.icicipruamc.com and also independently refer to the tax advisor.

PUBLICATION OF DAILY NET ASSET VALUE (NAV) (Equity, Debt & Hybrid Schemes):

The NAV will be calculated and disclosed at the close of every Business Day. The AMC shall prominently disclose the NAV of all schemes under a separate head on the AMC's website and on the website of AMFI. NAV will be determined on every Business Day except in special circumstances. NAV of the Scheme shall be made available at all Customer Service Centres of the AMC.

AMC shall update the NAV on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) and AMC website (www.icicipruamc.com) by 11.00 p.m. on every business day. In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

PUBLICATION OF DAILY NET ASSET VALUE (NAV) (For ICICI Prudential Multi-Assets Fund):

The NAV will be calculated and disclosed at the close of every Business Day. NAV will be determined on every Business Day except in special circumstances. NAV of the scheme shall be:

- Prominently disclosed by the AMC under a separate head on the AMC's website (www.icicipruamc.com) by 09.00 a.m. on next calendar day,
- On the website of Association of Mutual Funds in India - AMFI (HYPERLINK "<http://www.amfiindia.com>" www.amfiindia.com) by 09.00 a.m. on next calendar day, and
- Shall be made available at all Customer Service Centres of the AMC.

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

For Fund of Fund Scheme:

The NAV will be calculated and disclosed at the close of every Business Day. NAV will be determined on every Business Day except in special circumstances. NAV of the scheme shall be: Prominently disclosed by the AMC under a separate head on the AMC's website (www.icicipruamc.com) by 10.00 a.m. of the following business day,

On the website of Association of Mutual Funds in India - AMFI (HYPERLINK "<http://www.amfiindia.com>" www.amfiindia.com) by 10.00 a.m. of the following business day, and Shall be made available at all Customer Service Centres of the AMC.

In case of any delay, the reasons for such delay would be explained to AMFI and SEBI by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

UNITHOLDERS' INFORMATION (Equity, Hybrid & FOF Schemes):

The AMC shall disclose portfolio of the scheme (along with ISIN) as on the last day of the month / half-year within 10 days from the close of each month / half-year respectively on website of:

- AMC i.e. www.icicipruamc.com
- AMFI i.e. www.amfiindia.com.

The AMC shall send via email both the monthly and half-yearly statement of scheme portfolio within 10 days from the close of each month / half-year respectively.

In accordance with the SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/197, dated October 05, 2020 Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Mutual Funds/AMCs shall send the details of the scheme portfolio while communicating the monthly and half-yearly statement of scheme portfolio via email or any other mode as may be communicated by SEBI/AMFI from time to time. The AMC shall provide a feature wherein a link is provided to the investors to their registered email address to enable the investor to directly view/download only the portfolio of schemes subscribed by the said investor. Monthly and half yearly portfolio disclosure shall also include the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark.

The AMC shall publish an advertisement in all India edition of at least two daily newspapers, one each in English and Hindi, every half year disclosing the hosting of the half-yearly statement of the scheme's portfolio on the AMC's website and on the website of AMFI.

The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder.

UNITHOLDERS' INFORMATION (For Debt Schemes):

The AMC shall disclose portfolio of the scheme (along with ISIN) as on the last day of the month / half-year within 10 days from the close of each month / half-year respectively. Further, the AMC shall disclose portfolio of the scheme on a fortnightly basis within 5 days from end of the fortnight. The disclosure shall be on website of:

- AMC i.e. www.icicipruamc.com
- AMFI i.e. www.amfiindia.com.

The AMC shall send via email the fortnightly statement of scheme portfolio within 5 days from the close of each fortnight and the monthly and half-yearly statement of scheme portfolio within 10 days from the close of each month / half-year respectively.

In accordance with the SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/197, dated October 05, 2020 Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Mutual Funds/AMCs shall send the details of the scheme portfolio while communicating the monthly and half-yearly statement of scheme portfolio via email or any other mode as may be communicated by SEBI/AMFI from time to time. The AMC shall provide a feature wherein a link is provided to the investors to their registered email address to enable the investor to directly view/download only the portfolio of schemes subscribed by the said investor. The portfolio disclosure shall also include the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark.

The AMC shall publish an advertisement in all India edition of at least two daily newspapers, one each in English and Hindi, every half year disclosing the hosting of the half-yearly statement of the scheme's portfolio on the AMC's website and on the website of AMFI.

The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder.

Half Yearly Results:

In terms of Regulations 59 and SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on their website. The half-yearly unaudited report shall contain details as specified in Twelfth Schedule and such other details as are necessary for the purpose of providing a true and fair view of the operations of the mutual fund. Further, the AMC shall publish an advertisement disclosing the hosting of such financial results on their website, in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the mutual fund is situated.

Seeding of Aadhaar number: Investors are advised to refer to Statement of Additional Information (SAI) available on the website of AMC viz: www.icicipruamc.com.

TRANSACTION CHARGES

Pursuant to SEBI Circular No. Cir/IMD/DF/13/2011 dated August 22, 2011 transaction charge per subscription of Rs.10,000/- and above may be charged in the following manner:

- The existing investors may be charged Rs.100/- as transaction charge per subscription of Rs.10,000/- and above;
- A first time investor may be charged Rs.150/- as transaction charge per subscription of Rs.10,000/- and above.

There shall be no transaction charge on subscription below Rs. 10,000/- and on transactions

other than purchases/subscriptions relating to new inflows.

In case of investment through Systematic Investment Plan (SIP), transaction charges shall be deducted only if the total commitment through SIP amounts to Rs. 10,000/- and above. The transaction charges in such cases shall be deducted in 4 equal installments.

However, the option to charge "transaction charges" is at the discretion of the distributors. Investors may note that distributors can opt to receive transaction charges based on 'type of the Scheme'. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.

Transaction charges shall also be deducted on purchases/subscriptions received through non-demat mode from the investors investing through a valid ARN holder i.e. AMFI Registered Distributor (provided the distributor has opted-in to receive the transaction charges) in respect of transactions routed through Stock Exchange(s) platform viz. NSE Mutual Fund Platform ("NMF-II") and BSE Mutual Fund Platform ("BSE STAR MF").

The aforesaid transaction charge shall be deducted by the Asset Management Company from the subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested subject to deduction of Goods & Services Tax.

Transaction Charges shall not be deducted if:

- Purchase/Subscription made directly with the fund through any mode (i.e. not through any distributor/agent).
- Purchase/ subscription made in demat mode through stock Exchange, irrespective of investment amount.

CAS/ Statement of account shall state the net investment (i.e. gross subscription less transaction charge) and the number of units subject to deduction of Goods and Services Tax.

CONSOLIDATED ACCOUNT STATEMENT (CAS):

- The Consolidated Account Statement (CAS) for each calendar month will be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN). Further, CAS will be sent via email where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.
- For folios not included in the Consolidated Account Statement (CAS), the AMC shall henceforth issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before fifteenth day of succeeding month.
- The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number.
- In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investors within 5 business days from the receipt of such request.
- In the case of joint holding in a folio, the first named Unit holder shall receive the CAS/ account statement. The holding pattern has to be same in all folios across Mutual Funds for CAS.

Further, in case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all Schemes of all mutual funds, shall be emailed at the registered email address of the unitholders on half yearly basis, on or before twenty first day of succeeding month, unless a specific request is made to receive the same in physical form.

The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.

- Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme.

Further, CAS issued for the half-year (September/ March) shall also provide:

- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods and Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and Other expenses for the period for each scheme's applicable plan where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant periodically.

CAS for investors having Demat account:

- Investors having MF investments and holding securities in Demat account shall receive a single Consolidated Account Statement (CAS) from the Depository.
- Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.
- If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within ten days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.
- In case an investor has multiple accounts across two depositories, the depository with whom the account has been opened earlier will be the default depository.

The dispatch of CAS by the depositories would constitute compliance by the AMC/ the Mutual Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations.

However, the AMC reserves the right to furnish the account statement in addition to the CAS, if deemed fit in the interest of investor(s).

KNOW YOUR CUSTOMER(KYC)

It is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor.

Accordingly, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests will not be processed if the unit holders have not completed KYC requirements.

Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at our nearest branch. Further, upon updation of PAN/KYC details with the KRA (KRA-KYC/CERSAI (CKYC), the unit holders are requested to intimate us/our Registrar and Transfer Agent, Computer Age Management Services Limited, their PAN information along with the folio details for updation in our records.

CKYCR (Central KYC Records Registry) has now been extended to Legal Entities as well, procedure for the same shall be prescribed from time to time.

For more details, please refer SAI available on the AMC's website.

STAMP DUTY:

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent. For more details, refer SAI.

MAILING OF SCHEME WISE ANNUAL REPORT OR ABRIDGED SUMMARY:

The scheme wise annual report shall be hosted on the website of the AMC and on the website of the AMFI soon as may be possible but not later than four months from the date of closure of the relevant accounts year. The AMC shall publish an advertisement every year in all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the website of the AMC.

The AMC shall display prominently on the AMC's website link of the scheme wise annual report and physical copy of the same shall be made available to the unitholders at the registered / corporate office of the AMC at all times.

The AMC shall email the annual report or an abridged summary thereof to the unitholders whose email addresses are registered with the Fund. The unitholders whose e-mail addresses are not registered with the Fund are requested to update / provide their email address to the Fund for updating the database. Physical copy of scheme wise annual report or abridged summary shall be provided to investors who have opted to receive the same.

The AMC shall also provide a physical copy of the abridged summary of the Annual Report, without charging any cost, on specific request received from unitholder.

As per regulation 56(3A) of the Regulations, copy of Schemewise Annual Report shall be also made available to unitholder on payment of nominal fees.

CASH INVESTMENTS IN THE SCHEME:

Currently, the AMC is not accepting cash investments. Notice shall be provided in this regard as and when the facility is made available.

Investments through systematic routes: In case of registration requests for Systematic Investment Plan (SIP)/ Systematic Transfer Plan (STP)/ IDCW Transfer, are received without any distributor code, the same shall be by default registered under Direct Plan of the Scheme. Similarly, in case of existing SIP/ STP/ IDCW Transfer registrations without distributor code, all future installments after the Effective Date shall be processed under the Direct Plan.

Redemption requests: Where Units under a Scheme are held under both the Plans, the investor must clearly state the Plan in which the redemption/switch request has to be processed, failing which the request will not be processed under the Direct Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.

Tax consequences: Switch / redemption may entail tax consequences. Investors should consult their professional tax advisor before initiating such requests.

Nominee 2	PAN	Mobile	Email ID
Nominee 3	PAN	Mobile	Email ID

INVESTOR(S) DECLARATION & SIGNATURE(S): The Trustee, **ICICI Prudential Mutual Fund**, I/We have read, understood and hereby agree to abide by the Scheme Information Document/Key Information Memorandum of the Scheme, Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standards (CRS) under FATCA & CRS provision of the Central Board of Direct Taxes notified Rules 114 F to 114H, as part of the Income-tax Rules, 1962. I/We apply for the units of the Fund and agree to abide by the terms, conditions, rules and regulations of the scheme and other statutory requirements of SEBI, AMFI, Prevention of Money Laundering Act, 2002 and such other regulations as may be applicable from time to time. I/We confirm to have understood the investment objectives, investment pattern, and risk factors applicable to Plans/Options under the Scheme(s). I/we have not received nor been induced by any rebate or gifts, directly or indirectly, in making this investment. I/We declare that the amount invested in the Scheme is through legitimate sources only and is not designed for the purpose of contravention or evasion of any Act, Regulations or any other applicable laws enacted by the Government of India or any Statutory Authority. I/We agree that in case my/our investment in the Scheme is equal to or more than 25% of the corpus of the plan, then ICICI Prudential Asset Management Co. Ltd. (the 'AMC'), has full right to refund the excess to me/us to bring my/our investment below 25%. I/We hereby declare that I/we do not have any existing Micro SIPs which together with the current application will result in a total investments exceeding Rs.50,000 in a year. The ARN holder has disclosed to me/us all the commissions (in the form of trail commission or any other mode), payable to him for the different competing Schemes of various Mutual Funds from amongst which the Scheme is being recommended to me/us. I/We interested in receiving promotional material from the AMC via mail, SMS, telecall, etc. **If you do not wish to receive, please call on tollfree no. 1800 222 999 (MTNL/BSNL) or 1800 200 6666 (Others).**

GENERAL INSTRUCTIONS

UMRN (Unique Mandate Reference Number) is provided by NPCI, which is assigned to every mandate that has been submitted to them.

Investor will not hold ICICI Prudential Mutual Fund, its registrars and other service providers incase for any delay/wrong debits on the part of the bank for executing the debit mandate instructions account is debited in advance or after the specific SIP date due to various clearing cycles.

The Bank & AMC shall not be liable for, nor be in default by reason of, any failure or delay in completion of its obligations under this Agreement, where such failure or delay is caused, in whole or in part, by any acts of God, civil war, civil commotion, riot, strike, mutiny, revolution, fire, flood, fog, war, lightening, earthquake, change of Government policies, unavailability of Bank's computer system, force majeure events, or any other cause of peril which is beyond the Bank's reasonable control and which has effect of preventing the performance of the contract by the Bank.

The investor hereby agrees to indemnify and not hold responsible, AMC/Mutual Fund (including its affiliates), and any of its officers directors, personnel and employees, the Registrars & Transfer (R&T) agent and the service providers incase for any delay/wrong debits on the part of the bank for executing the debit mandate instructions for any sum on a specified date from your account. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information, the investor would not hold the user institution responsible. Investor confirm to have understood that the introduction of this facility may also give rise to operational risks and hereby take full responsibility.

Registration of OTM/PAN BASED MANDATE FACILITY: As an investor I/we hereby request you to register me/us for availing the facility of OTM/PAN based mandate and carrying out transactions of additional purchase/redemption/switch in my/our folio through Call Centre and/or also authorize the distributor(s) to initiate the above transactions on my/our behalf. In this regard, I/we also authorize the AMC, on behalf of ICICI Prudential Mutual Fund (Mutual Fund) to call/email on my/our registered mobile number/email id for due verification and confirmation of the transaction(s) and such other purposes. The mobile number provided in the common application form will be used as registered mobile number for verification and confirmation of transactions. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information or non-confirmation/ verification of the transaction due to any reason, I/we shall not hold AMC, Mutual Fund, its sponsors, representatives, service providers, participant banks responsible in this regard. The AMC would not be liable for any delay in crediting the scheme collection accounts by the Service Providers which may result in a delay in application of NAV. I/We hereby confirm that the information/documents provided by me/us in this form are true, correct and complete in all respect. I/We hereby agree and confirm to inform AMC promptly in case of any changes. I/We interested in receiving promotional material from the AMC via mail, SMS, telecall, etc. If you do not wish to receive, please call on tollfree no. 1800 222 999 (MTNL/BSNL) or 1800 200 6666 (Others).

TERMS AND CONDITIONS

SIP Payment through NACH

- The bank account provided for NACH should be participating in NACH clearing respectively.
 - Multiple SIP facility enables investors to start investments under SIP of various Schemes for any designated frequencies using a single application form and payment instruction. The maximum number of SIP in which investments can be made using a single Form shall be 4. Under this Facility, payment only in respect of the first installment can be made using a cheque. The payment for all the subsequent installments will have to be through NACH facility.
 - Investors can choose any preferred date of the month as SIP debit date. In case the chosen date falls on a Non-Business Day or on a date which is not available in a particular month, the SIP will be processed on the immediate next Business Day. In case the Debit does not take effect for five consecutive times then the SIP would be liable for cancellation.
 - In case of multiple schemes application, if different plans are mentioned, then all the three schemes will be under the direct plan.
 - In case of SIP transaction where the mode of payment is through NACH, investors are not required to do an initial purchase transaction for the minimum amount as applicable. However, investors are required to submit SIP request at least 30 days prior to the date of first installment. AMC reserves the right to register the first triggered SIP installment from subsequent month onwards, in case the period between the time-stamping of the SIP request and the first triggered SIP installment is less than 30 days. In case of SIP via existing OTM, investor can choose to start the SIP in 15 days after the date of submission. In case of incomplete mandate form, AMC may initiate remediation process to obtain incomplete details. This process may exceed 30 days and in such case it may also impact the registration of the SIP facility and subsequent installments. SIP start date shall not be beyond 100 days from the date of submission of SIP application. The applicant will have the right to discontinue SIP at any time he or she so desires by providing a written request at the office of the ICICI Prudential Mutual Fund Customer Service Centres. Notice of discontinuance should be received 30 days prior to the subsequent SIP date. All terms and conditions for SIP, including Exit Load, if any, prevailing in the date of SIP enrolment/ registration by the fund shall be levied in the Scheme.
 - The investor agrees to abide by the terms and conditions of NACH facilities of Reserve Bank of India (RBI).
 - Investor will not hold ICICI Prudential Mutual Fund, ICICI Prudential Asset Management Company Limited (the AMC), ICICI Prudential Trust Limited (the Trustee), its registrars and other service providers responsible and/or liable for any damages/compensation for any loss or if the transaction is delayed or not effected or the investor bank account is debited in advance or after the specific SIP date due to various clearing cycles for NACH or any other reason/fault not attributable to ICICI Prudential Mutual Fund/the AMC/ the Trustee.
 - ICICI Prudential Mutual Fund reserves the right to reject any application without assigning any reason thereof.
 - In case of "At Par" Cheques, investors need to mention the MICR No. of his/her actual Bank branch.
 - SIPs will be registered in a folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date. The facility will automatically stand terminated upon the Unit Holder attaining 18 years of age.
 - New Investor:** If the investor fails to mention the scheme name in the SIP Mandate Form, then the Fund reserves the right to register the SIP as per the scheme name available in the main application form. In case multiple schemes are mentioned in the main application form, the Fund reserves the right to reject the SIP request.
 - Existing Investor:** If the investor fails to mention the scheme name in the SIP Mandate Form, the Fund reserves the right to register the SIP in the existing scheme (eligible for SIP) available in the investor's folio. In case multiple schemes or Equity Linked Savings Scheme (ELSS) are available in the folio, the Fund reserves the right to reject the SIP request.
 - In case SIP date is not mentioned/not legible, then the SIP will be registered on 10th (default date) of each Month/Quarter, as applicable.
 - In daily SIP frequency transaction will be processed on Business days only. In case any scheduled Business day is declared as Non business day by AMC, Regulators, Government etc for any reason the said transaction will be processed with the next available NAV. The investor will not hold AMC/Bank liable for processing such transactions the next day.
 - Investors can choose any day of the week from Monday to Friday to register under weekly frequency. In case Day is not specified by the investor transaction will be processed on Wednesday.
 - For Fortnightly frequency, the transaction will be processed on 1st and 16th day of each month, as applicable.
 - For Monthly and Quarterly frequencies, the transaction will be processed on any day basis.
 - In case the SIP Date selected is a non-business day the transaction will be processed on the next business day.
 - In case both SIP end date and number of installments are mentioned in the SIP application for Daily, weekly and fortnightly frequency then SIP shall get registered as per the number of installments provided.
- Minimum number of installments for daily, weekly, fortnightly and monthly frequencies will be 6.
- The minimum installment amount under Daily, Weekly and Fortnightly frequencies shall be the same as minimum amount prescribed for SIP under monthly frequencies in the respective schemes.
- The minimum installment amount prescribed for SIP (under the respective frequencies) in the respective scheme, subject to minimum of ₹ 500/- per installment.
 - If the investor selects multiple SIP frequencies or fails to choose any of them, the default SIP frequency will be Monthly.
 - If the investor has not mentioned the SIP start month, SIP will start from the next applicable month, subject to completion of 30 days lead time from the receipt of SIP request.
 - In case End date mentioned on SIP form, falls beyond the date mentioned in Mandate form, then SIP shall be registered as per date mentioned on mandate. In case SIP "end Month/ Year" is incorrect or not mentioned by the investor in the SIP form then AMC reserves the right to consider the SIP end date as five years from the start date as default.
 - Existing investors have to provide their folio numbers.
 - For minimum application amount to be invested in SIP, risk factors, features, load structures, etc. please refer to the scheme related documents available on www.

icicipruamc.com or with any of the customer service centres of ICICI Prudential Mutual Fund.

- ICICI Prudential Mutual Fund, its registrars and other service providers shall not be responsible and liable for any damages/compensation for any loss, damage etc. incurred by the investor. The investor assumes the entire risk of using this facility and takes full responsibility.
- The minimum installment amount prescribed for SIP (under respective frequencies) in the respective scheme, subject to minimum of ₹ 500/- per installment.
- SIP TOP UP Facility:**
With this facility, investor can opt to increase the SIP amount at regular fixed intervals.

There are two type of SIP TOP-UP:

- (1) Fixed TOP-UP.
- (2) Variable TOP-UP.

Fixed TOP-UP: With this option, investor can increase SIP amount at regular interval with fixed amount. Minimum TOP-UP amount has to be Rs.100 and in multiples of Rs.100 thereof. For said option SIP TOP-UP frequency is at Half Yearly and Yearly basis. In case of Quarterly SIP, only the Yearly frequency is available under SIP TOP UP.

Please view below illustration for Fixed TOP-UP:

• SIP Tenure: 07Jan 2015 to 07 Dec 2020 • Monthly SIP Installment: Rs. 2000/-					
• TopUp Amount: Rs. 100/- • TopUp Frequency: Yearly					
Installment No(s)	From Date	To Date	Monthly SIP Installment Amount (₹)	SIP Top-Up Amount (₹)	SIP Amount with TOP-UP (₹)
1 to 12	7-Jan-16	7-Dec-16	2000	N.A	2000
13 to 24	7-Jan-17	7-Dec-17	2100	100	2100
25 to 36	7-Jan-18	7-Dec-18	2100	100	2200
37 to 48	7-Jan-19	7-Dec-19	2200	100	2300
49 to 60	7-Jan-20	7-Dec-20	2300	100	2400

Variable TOP-UP: With this option, investor can increase SIP amount at regular interval, TOP-UP amount will be based on the percentage (%) opted by investor of SIP amount. For said option SIP TOP-UP frequency is at half yearly and yearly basis. The minimum TOP-UP percentage (%) should be 10% and in multiple of 5% thereof. Also the TOP-UP amount will be rounded off to the nearest highest multiple of Rs.10.

Please view below illustration for Variable TOP-UP:

• SIP Tenure: 07Jan 2015 to 07 Dec 2020 • Monthly SIP Installment: Rs. 2000/-						
• TopUp percentage: 10% • TopUp Frequency: Yearly						
Installment No(s)	From Date	To Date	Monthly SIP Installment Amount (₹)	SIP Top-Up Amount (10%) (₹)	SIP Top-Up round off Amount (₹)	SIP Amount with TOP-UP (₹)
1 to 12	7-Jan-16	7-Dec-16	2000	N.A	N.A	2000
13 to 24	7-Jan-17	7-Dec-17	2000	200	200	2200
25 to 36	7-Jan-18	7-Dec-18	2200	220	220	2420
37 to 48	7-Jan-19	7-Dec-19	2420	242	240	2660
49 to 60	7-Jan-20	7-Dec-20	2660	266	270	2930

Investor can either opt for Fixed Top-up facility or Variable Top-up facility under SIP Top-up. In case, investor opts for both the options, then Variable top-up feature shall be triggered. In case the TOP UP facility is not opted by ticking the appropriate box and/or frequency is not selected, the TOP UP facility may not be registered.

In a scenario where investor selects multiple % option under variable SIP Top-up plan, higher percentage will be considered.

Other Information:

SIP TOP UP will be allowed in Micro SIP folio subject to condition that total investment including SIP TOP UP does not exceed Rs. 50,000/- in a rolling 12 month period or financial year i.e. April to March, the limit on Micro SIP investments.

The investor agrees to avail the TOP UP facility for SIP and authorize his/her bank to execute the NACH/SI for a further increase in installment from his/her designated account.

SIP TOP-UP CAP:

- Cap Amount:** Investor has an option to freeze the SIP Top-Up amount once it reaches a fixed predefined amount. The fixed pre-defined amount should be same as the maximum amount mentioned by the investor in the bank mandate. In case of difference between the Cap amount & the maximum amount mentioned in bank mandate, then amount which is lower of the two amounts shall be considered as the default amount of SIP Cap amount

- Cap Month-Year:** It is the date from which SIP Top-Up amount will cease and last SIP installment including Top-Up amount will remain constant from Cap date till the end of SIP tenure.

Investor shall have flexibility to choose either Top-Up Cap Amount OR Top-Up Cap Month-Year. In case of multiple selection, Top-Up Cap Amount will be considered as default selection.

In case of non selection, the SIP variable Top-Up amount will be capped at a default amount of Rs.10 lakhs.

SIP amount will remain constant from Top-Up Cap date/amount till the end of SIP Tenure.

24. DEMAT/NON-DEMAT MODE:

Investors have an option to hold the Units in dematerialized form. By providing DP details, Units shall be directly credited to the investor's demat account after the realization of funds and depositories will issue a statement. Applicants must ensure that the sequence of names as mentioned in the application form matches with that of the account held with the Depository Participant.

If the details mentioned in the application are incomplete/incorrect or not matched with the Depository data, the application shall be treated as invalid and the units would be allotted in Non-Demat mode. The application form should mandatorily accompany the latest Client investor master/ Demat account statement. Demat option will be not be available for Daily/ Weekly/Fortnightly IDCW options. Investors desiring to get allotment of units in demat mode must have a beneficiary account with a Depository Participant (DP) of the Depositories i.e. National Securities Depositories Limited (NSDL) / Central Depository Services Limited (CDSL).

Allotment letters would be sent to investors who are allotted units in Demat mode and a Statement of Accounts would be sent to investors who are allotted units in Non-Demat mode. Investors are requested to note that Units held in dematerialized form are freely transferable except units held in Equity Linked Savings Scheme's (ELSS) during the lock-in period.

The units will be allotted based on the applicable NAV as per the Scheme Information Document (SID). The investors shall note that for holding the units in demat form, the provisions laid in the SID of respective Scheme and guidelines/procedural requirements as laid by the Depositories (NSDL/ CDSL) shall be applicable. In case the unit holder wishes to convert the units held in non-demat mode to demat mode or vice versa at a later date, such request along with the necessary form should be submitted to their Depository Participant(s). Units held in demat form will be freely transferable, subject to the applicable regulations and the guidelines as may be amended from time to time.

Reinvestment of IDCW payout: In case Unitholder has opted for IDCW payout option under weekly, fortnightly, monthly, quarterly, half yearly and annual frequencies, as applicable in the respective schemes, there will be minimum amount for IDCW payout, as per the provisions of the respective scheme (net of IDCW distribution tax and other statutory levy, if any), else the IDCW would be mandatorily reinvested. The IDCW would be reinvested in the same Scheme/ Plan by issuing additional Units of the Scheme at the prevailing ex-IDCW Net Asset Value per Unit on the record date. There shall be no exit load on the redemption of units allotted as a result of such reinvestment of IDCW. It may also be noted that the criteria for compulsory reinvestment of IDCW declared under the IDCW payout option in specific schemes, where the IDCW amount is less than the minimum IDCW payout limit, will not be applicable to investors holding their units in DEMAT form. For unit holders, holding units in DEMAT form, if IDCW is declared in any applicable Scheme, the amount will be paid out or reinvested as per the option selected by the unit holders only. IDCW declared will be compulsorily paid out under the "IDCW payout" option of all schemes which have discontinued fresh subscriptions with effect from October 1, 2012 as per Notice-cum-Addendum no.017/09/2012 published on October 01, 2012.

25. FOR EXISTING OTM AND PAN BASED MANDATE FACILITY

- a) Investor can transact through OTM facility registered for the PAN in the respective folio(s).
- b) If more than one bank accounts are registered for OTM facility, investor is requested to mention the bank account number and bank name from where amount is to be debited. If the same is not mentioned or no OTM mandate is registered for the given bank details, AMC reserves the right to initiate the debit through any of the valid OTM's registered or reject the request.
- c) The units shall be allotted based on the day on which funds are credited to AMC's collection account by the service provider/ bank. This is subject to compliance with the time stamping provision as contained in the SEBI (mutual funds) regulations, 1996.
- d) Registration request or any other subsequent transaction may be liable for rejection, if the frequency for the registered OTM is other than "As and when presented" and/ or if the transaction amount is other than fixed amount or more than maximum amount registered in the mandate.
- e) AMC reserves right to reject or process the application subject to internal verification.
- f) PAN based mandate will be mapped to all the folios wherever investor is the Sole/First holder subject to completion of mandate registration with the banker.
- g) In case the applicant is minor, the PAN based mandate will not be applicable.
- h) Investor can transact using this mandate, within the limit of maximum amount and tenure specified.

THIS PAGE HAS BEEN LEFT INTENTIONALLY BLANK

INSTRUCTIONS FOR FILLING UP THE APPLICATION FORM - LUMPSUM / SIP

Please read the Key Scheme Features and the terms of the Scheme Information Document(s) of the respective Scheme(s) and Statement of Additional Information carefully before filling the Application Form.

I. GENERAL INSTRUCTIONS

- Please read the Key Scheme Features and the terms of the Scheme Information Document(s) of the respective Scheme(s) and Statement of Additional Information carefully before filling the Application Form. The application form must be filled in English in BLOCK letters. Incomplete applications are liable to be rejected. Please ensure that the requisite details and documents have been provided. All subscription application forms should be submitted only at the designated Investor Service Center of ICICI Prudential Mutual Fund.
- Investors are requested to fill both the forms i.e. Common Application Form and the SIP Registration Mandate Form.
- The investors who wish to avail Systematic Withdrawal Plan (SWP) / Systematic Transfer Plan (STP) / IDCW Transfer Plan / Trigger/ Entry Trigger / Liquity facilities must fill in the Smart Features form available in any of the ICICI Prudential Mutual Fund Customer Service Centres.
- The application form number, the scheme name and the name of the applicant should be mentioned on the reverse side of the instrument (Cheque, Demand Draft etc) that accompanies the application.
- The Application completed in all respects along with the cheque/demand draft, must be submitted to the nearest Customer Service Centre. Applications incomplete in any respect or not accompanied by a cheque or demand draft for the amount payable, are liable to be rejected and the money paid will be refunded without interest.
- No receipt will be issued for the Application money. The Customer Service Centers will stamp and return the acknowledgment slip in the application form, to acknowledge receipt of the application.
- In case of corrections / overwriting on key fields (as may be determined at the sole discretion of the AMC) of the application forms/transaction slips, the AMC reserves the right to reject the application forms/transaction slips, in case the investor(s) has/have not countersigned in every place where such corrections/overwriting has/have been made.
- Investors are advised to retain the acknowledgement slip signed/stamped by the collection centre where they submit the application.
- As required under applicable regulations, additional details like status, occupation details, gross annual income, net worth and other details as mentioned in the relevant sections of the application form are mandatory for all applicants as applicable, including joint holders. Details of net worth are mandatory for Non Individual applicants and optional for Individual applicants in lieu of gross annual income. While providing details of net worth, the same should be of a date which is within one year of the application.
- Applications are liable to be rejected without any intimation to the applicants, if requirement under "KYC details" are not complied with/filled by all the applicants, KYC acknowledgement is not enclosed or any of the additional details are not mentioned for any of the applicant.
- Politically Exposed Persons (PEP) are individuals who are or have been entrusted with prominent public functions in a foreign country, e.g., Heads of States or of Governments, senior politicians, senior government/judicial/military officers, senior executives of state-owned corporations, important political party officials, etc.

II. UNITHOLDERS INFORMATION

- Existing Unit-holders:** If you have an existing folio with KYC validation, please mention the Folio Number in Step 1 and proceed to Step 3 in the application form. Please note that the applicable details and mode of holding will be as per the existing folio. Partial Demat of units is not allowed.

b) New Applicant

- Name and address must be given in full (P.O. Box Address is not sufficient). In the case of NRI/PIO/FII investors, an overseas address must also be provided.
- Name of the guardian alongwith relationship must be mentioned, if the investments are being made on behalf of a minor. Guardian of the minor should either be a natural guardian (i.e. father or mother) or a court appointed legal guardian. Joint holding is not allowed, if the first applicant is minor.

Incase of investment in the name of Minor, payment for investment must be from the bank account of the minor or from a joint account of the minor with the guardian only or else the transaction is liable to be rejected.

In case of a minor, it is mandatory to submit photocopy of any one of the following towards proof of date of birth at the time of initial investment :

- Birth certificate of minor, or
- School leaving certificate / Mark sheet issued by Higher Secondary Board of respective states , ICSE , CBSE etc, containing the minor's date of birth, or
- Passport of minor
- Any other suitable proof evidencing the date of birth of the minor.

In case of natural guardian, a document evidencing the relationship has to be submitted, if the same is not available as part of the documents submitted as proof of date of birth of the minor applicant.

In case of court appointed legal guardian- a notarised photo copy of the court order should be submitted alongwith the application.

3. Minor Attaining Majority - Status Change:

On minor attaining majority, the unit holder shall submit a letter along with the documents as mentioned below:

- A signed request form to change account status from minor to major duly filled containing details like name of the major, folio no. etc.
- New Bank Mandate.
- Signature of the minor who has turned major, duly attested by -
 - the parent/guardian whose signature is registered in the records of the Fund/ Registrar and Transfer Agent (RTA) against the folio of the minor unit holder; OR

- the manager of a scheduled bank (signature attestation by way of Banker's Certificate or letter)

- KYC, PAN and Aadhaar number of the major.

- Additional KYC, FATCA & CRS - Self Certification

Depending upon appropriateness, the ICICI Prudential Asset Management Company Limited (the AMC) may consider seeking additional/alternative documents for necessary diligence of each case.

Guardian name and details will be deleted on change of Tax status from Minor to Major. The standing instruction including SIP, STP and SWP will be registered only till the date of minor attaining majority, though the instructions may be for a period beyond that date.

- In case of an application under Power of Attorney (PoA) or by a Limited Company, Body Corporate, Registered Society, Trust or Partnership etc., the relevant Power of Attorney or the relevant resolution or authority to make the application as the case may be, or duly certified copy thereof, along with the Memorandum and Articles of Association / bye-laws must be lodged along with the application form.

Power of Attorney (POA): In case an investor has issued Power of Attorney (POA) for making investments, switches, redemptions etc., under his/her folio, both the signature of the investor and the POA holder have to be clearly captured in the POA document, to be accepted as a valid document. At the time of making redemption / switches the fund would not be in a position to process the transaction unless, PoA holder's signature is available in the PoA or proof of identity along with signature is produced along with the PoA.

- PAN is mandatory:** As per SEBI Circular MRD/Dop/Cir-05/2007 dated April 27, 2007 Permanent Account Number (PAN) has been made the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, w.e.f. July 02, 2007. PAN is mandatory for all mutual fund investments w.e.f. 1st January, 2008. However, PAN is not required for investors who are exempted from PAN requirement, please refer to KYC Form for exemption of PAN requirement.
- Applicants should indicate their status by ticking the appropriate check-box. For all fresh purchases, in case the investor has not selected/incorrectly selected the tax status in the application form, the AMC reserve the right to update the tax status based on Permanent Account Number/Bank account details or such other information of the investor available with the AMC for the purpose of determining the tax status of the investor. The AMC shall not be responsible for any claims made by the investor/third party on account of updation of tax status. Those who select the status as "Others", they should specify their status in the space provided.
- Applicants should specify the mode of holding. In case it is not mentioned, the default will be "anyone or survivor". In the case of joint holders, the first named holder shall receive all the Account Statements, IDCWs / redemptions / refund warrants and any other correspondence sent from time to time.
- Name of a contact person should be mentioned in case of the investment by a Company/ Body Corporate/Partnership Firm/Trust/Foreign Institutional Investors (FIIs)/Society/AOP/BOI.
- In case of fresh/additional purchases, if the name of the Scheme on the application form/ transaction slip differs with the name on the Cheque/Demand Draft, then the AMC will allot units under the Scheme mentioned on the application form/transaction slip. In case of fresh/additional purchases, if the Scheme name is not mentioned on the application form/transaction slip, then it may be liable for rejection. The default Plan/Option of the scheme as per the Scheme Information Document will be considered if the customer has not specified the Plan/Option. However, in case additional purchase is under the same scheme as fresh purchase, then the AMC reserves the right to allot units in the option under which units were allotted at the time of fresh purchase.

III. BANK DETAILS

The first Unit-holder should provide the name of the bank, branch, complete address of the branch, account type and account number, which is mandatory as per Securities Exchange Board of India circular IIMRP/MF/CIR/07/826/98 dated April 15, 1998. Incase of investment in the name of Minor, payment for investment must be from the bank account of the minor or from a joint account of the minor with the guardian only or else the transaction is liable to be rejected. Applications without this information will be deemed to be incomplete. An investor at the time of purchase of units must provide the details of the pay-out bank account (i.e. account into which redemption / IDCW proceeds are to be paid) in Section 3 in the Application Form. Please quote 9 Digit MICR Code No. and 11 Digit IFSC code of your Bank and Branch corresponding to Bank Account details. (This number appears on every leaf of your cheque book). The AMC reserves the right to make IDCW/redemption payments through Electronic mode where details are available.

Investors/Unit Holders are requested to note that, any one of the following documents shall be submitted, if cheque provided alongwith fresh subscription/new folio creation does not belong to bank mandate in Section 3 in the Application Form.

- Original cancelled cheque having the First Holder Name printed on the cheque.
- Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application.
- Photocopy of the bank statement duly attested by the bank manager with designation, employee number and bank seal.
- Photocopy of the bank pass book duly attested by the bank manager with designation, employee number and bank seal.
- Photocopy of the bank statement/passbook/cheque duly attested by the AMC branch officials after verification of original bank statement/passbook shown by the investor or their representative.
- Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the investor details and bank mandate information.

Please note for unit holder opting to invest in demat, please ensure that the bank account linked

with the demat account is mentioned in the application form.

Maturity payment or IDCW payment would be made as per the bank account details available in BENPOS file.

Multiple Bank Account Registration: The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non – Individuals) for receiving redemption/IDCW proceeds etc. by providing necessary documents. Investors must specify any one account as the “Default Bank Account”. The investor, may however, specify any other registered bank account for credit of redemption proceeds at the time of requesting for the redemption. Investors holding units in non-demat form are requested to avail the facility of registering multiple bank accounts by filling in the ‘Multiple Bank Accounts Registration Form’ available at our Investor Service Centres (ISCs) or on our website www.icicipruamc.com.

Change of Bank Mandate: With effect from October 25, 2011, the request for change of bank (COB) shall be submitted along with the original cancelled cheque of the new bank with the investor name mentioned on the cheque or copy of the bank statement/pass book duly attested by the new Bank, evidencing the name and bank account details of the investor.

IV. INVESTMENT DETAILS

- a) **Introduction of Direct Plan:-** The AMC has introduced a separate plan for direct investments (i.e. investments not routed through an AMFI Registration Number (ARN) Holder (“Distributor”)) (hereinafter referred to as “Direct Plan”) with effect from January 1, 2013 (“Effective Date”).

Direct Plan is only for investors who purchase/subscribe Units in a Scheme directly with the Fund and is not available for investors who route their investments through a Distributor.

Investors subscribing under Direct Plan of the Schemes should indicate the Scheme/Plan name in the application form as “Scheme Name – Direct Plan” for e.g. “ICICI Prudential Liquid Fund – Direct Plan”. Investors should also indicate “Direct” in the ARN column of the application form. However, in case Distributor code is mentioned in the application form, but “Direct Plan” is indicated against the Scheme name, the Distributor code will be ignored and the application will be processed under Direct Plan.

Please note, where application is received under Scheme name without Distributor code or “Direct” is mentioned in the ARN Column, the application will be processed under Direct Plan.

- b) In case multiple schemes are opted by the investor the cheque/dd should be drawn in favour of - ‘ICICI Prudential Mutual Fund Account’ and the payment instrument amount should match with the total investment amount. AMC reserves the right to reject the request or ask for additional information in case of any deviation.

In case of multiple schemes application, if different plans are mentioned, then all the four schemes will be under the direct plan.

- c) Investor should select scheme and option under which you wish to invest. Also Investor needs to indicate his/her choice of payout of Income Distribution cum Capital Withdrawal option or re-investment along with the Income Distribution cum Capital Withdrawal option frequency (in case there are more than one Income Distribution cum Capital Withdrawal option frequency). In case, the investor has not selected the option/sub-option for his/her investments, default option/sub-option as prescribed in the Scheme Information Document of the relevant scheme will be applied. In case of Transfer of Income Distribution cum Capital Withdrawal Plan, the Investor must fill in the Smart Features form separately available in any of the ICICI Prudential Mutual Fund Customer Service Centres.

For investors investing in Income Distribution cum Capital Withdrawal (IDCW) option of the Scheme may note that the amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

- d) **Exemption from requirement of Permanent Account Number (PAN) for micro investments in the schemes of the Fund:** Investment in mutual fund schemes [including investments through Systematic Investment Plan (SIP)] upto Rs. 50,000/- per investor per year per mutual Fund, shall be exempted from the requirement of PAN.

- The exemption shall be available under all the schemes of the Fund for investments upto Rs. 50,000/- (aggregate under all the schemes of the Fund) in a rolling 12 month period or financial year i.e. April to March by individuals (including NRIs but not PIOs), Minors, Sole proprietary firms and Joint holders. HUFs and other categories will not be eligible.
- In case the first Micro SIP installment is processed (as the cheque may be banked), and the application is found to be defective, the Micro SIP registration will be ceased for future installments. No refunds to be made for the units already allotted. Investor will be sent a communication to this effect, however, redemptions shall be allowed.
- In case of investments held jointly, first holder must not possess a PAN.
- Eligible Investors may invest in the schemes of the Fund (through SIP or lumpsum/ additional purchase) without providing PAN subject to the threshold amount as specified above.
- Eligible Investors should attach a copy of Know Your Client (KYC) acknowledgement letter quoting PAN Exempt KYC reference no. (PEKRN) obtained from KYC Registration Agency alongwith the investment application form.
- Eligible Investors must have only one PEKRN.
- In case KYC status is failed for a particular PEKRN further SIP transaction/investments will not be allowed in such folios having such PEKRN.

- e) For minimum application amount etc., please refer to Key Scheme Features Tables.

- f) **Please submit the following documents alongwith your application (where applicable). All documents should be original/true copies by director/trustee/company secretary/ authorised signatory:**

Documents	Companies	Societies	Partnership Firms	Investments through POA	Trusts	NRIs	FIs*
1. Resolution/Authorisation to invest	✓	✓	✓		✓		✓
2. List of Authorised Signatories with Specimen Signature(s)	✓	✓	✓	✓	✓		✓
3. Memorandum & Articles of Association	✓						
4. Trust Deed					✓		

Documents	Companies	Societies	Partnership Firms	Investments through POA	Trusts	NRIs	FIs*
5. Bye-laws		✓					
6. Partnership Deed			✓				
7. Overseas Auditors' Certificate							✓
8. Notarised Power of Attorney				✓			
9. Foreign Inward Remittance Certificate in case of payment is made by DD from NRE/FCNR A/c where applicable						✓	
10. PAN	✓	✓	✓	✓	✓	✓	✓
11. Know Your Customer (KYC)	✓	✓	✓	✓	✓	✓	✓

*For FIs copy of the SEBI registration certificate should be provided. In case of corporates or individual investors, all the necessary documents are to be submitted along with the application.

- g) Investors opting for the Automatic Encashment Plan (AEP) option (under ICICI Prudential Regular Savings Fund, ICICI Prudential Ultra Short Term Fund & ICICI Prudential Long Term Bond Fund) are requested to choose either the AEP-Regular option or the AEP Appreciation Option. The investor has the option of selecting either Monthly/Quarterly/Half Yearly sub option under the Appreciation Option. In case investor has selected multiple options under AEP, the default option would be AEP Regular option, and the default sub option under Appreciation Option would be Monthly.

- h) **Ultimate Beneficial Owners(s) [UBO(s)]:** Pursuant to SEBI Master Circular No. CIR/ISD/AML/3/2010 dated December 31, 2010 on Anti Money Laundering Standards and Guidelines on identification of Beneficial Ownership issued by SEBI vide its Circular No. CIR/MIRSD/2/2013 dated January 24, 2013, investors (other than Individuals) are required to provide details of UBO(s). In case the investor or owner of the controlling interest is a company listed on a stock exchange or is a majority owned subsidiary of such a company, the details of shareholders or beneficial owners are not required to be provided.

Non-individual applicants/investors are mandated to provide the details on UBO(s) by filling up the declaration form for ‘Ultimate Beneficial Ownership’ which is available on our website www.icicipruamc.com or at any of the Investor Service Centre (ISC) of ICICI Prudential Mutual Fund.

- i) **FATCA and CRS Details:** Tax Regulations require us to collect information about each investor’s tax residency. In certain circumstances (including if we do not receive a valid self-certification from you) we may be obliged to share information on your account with the relevant tax authority. If you have any questions about your tax residency, please contact your tax advisor. Further if you are a Citizen or resident or green card holder or tax resident other than India, please include all such countries in the tax resident country information field along with your Tax Identification Number or any other relevant reference ID/ Number. If there is any change in the information provided, promptly intimate the same to us within 30 days.

- j) All the switch request received on the last day of the NFO scheme shall be reversed and credited back to the source scheme, in case the scheme is aborted due to not meeting Minimum Target amount or Minimum No. Of Investors.

V. SYSTEMATIC INVESTMENT PLAN (SIP)

- a) For availability of Systematic Investment Plan (SIP) Facility, please refer to the Key Scheme Features and also refer to Instruction No.VI (a) for mode of payment for SIP through PDCs.

- b) Investors opting for the SIP Facility, need to fill the Common Application Form. If the payment option is NACH/SI, investor also need to fill & sign the SIP registration cum mandate form.

- c) The Second SIP installment amount and the subsequent SIP installment amounts should be of the same amount. However, the First SIP installment need not be of the same amount as Second and Subsequent SIP installments amount.

- d) Investors/unitholders subscribing for SIP are required to submit SIP request at least 30 days prior to the date of first debit date and SIP start date shall not be beyond 100 days for monthly and Quarterly SIP from the date of submission of SIP application.

- e) In case of SIP with payment mode as NACH/SI, the investors are required to submit a cancelled cheque or a photocopy of a cheque of the bank account for which the debit mandate is provided.

- f) For exit load structure under the Schemes, please refer to the Key Scheme Features.

- g) Please issue post dated cheques for the respective SIP dates. A credit confirmation will be sent to the unit holder indicating the new balance to his or her credit in the account.

For cheques drawn from locations as determined by ICICI Prudential Asset Management Company Ltd. (the AMC) from time to time and notified on its website www.icicipruamc.com

- Option 1:** The First SIP installment should be paid through a Demand Draft payable at places where the Official Points of Acceptance of Transaction of the AMC are located. All the other installments should be through post dated cheques for the respective SIP dates. However, investors are required to submit SIP request at least 30 days prior to the date of first installment.

- Option 2:** In case all the installments (i.e. including the first Installment) are paid through post-dated cheques, the SIP Application along with the post-dated cheques should be submitted at the Official Points of Acceptance of Transactions of the AMC, at least 30 days before the start of the SIP. The Post dated cheques for all of the SIP installments (including the first Installment), should be dated opted by the invvstwr.

VI. MODE OF PAYMENT

- a) The cheque/demand draft should be drawn in favour of ICICI Prudential “Scheme Name” for example ICICI Prudential Liquid Fund, as the case may be and crossed “Account Payee Only”.

- b) Separate Cheques / Demand Drafts are required for each scheme in which an investor invests.

- c) Payments by Stock-invests, cash, postal orders, money orders and outstation cheques will not be accepted.

- d) Bank charges for outstation demand drafts will be borne by the AMC and will bear the demand draft charges subject to maximum of Rs.50,000/-. Outstation Demand Draft has been defined as a demand draft issued by a bank where there is no ISC available for Investors. In case of any multiple investments (more than three) in same scheme & transaction date, the DD charges will not be reimbursed.

The AMC reserves the right to refuse the reimbursement of demand draft charges, in case of investments made by the same applicant(s) through multiple applications at its own discretion, which will be final and binding on the investor.

Investors residing at places other than where the AMC Customer Service Centers/ Collection Centers are located are requested to make the payment by way of demand draft(s) after deducting bank charges as per the rates indicated in the table below. It may be noted that additional charges, if any, incurred by the investor over and above the levels indicated above will not be borne by the Fund.

Amount of Investment	Rate of Charges of Demand Draft(s)
Upto Rs.10,000/-	At actual, subject to a maximum of Rs. 50/-
Above Rs.10,000/-	Rs. 3/- per Rs. 1000/-
Maximum Charges	Rs. 50,000/-

No demand draft charges will be reimbursed by the Fund for purchase of Units by investors residing at such locations where the Customer Service Centers/ Collection Centers of the AMC are located.

The AMC will not accept any request for refund of demand draft charges, in such cases.

The demand draft charges will not be reimbursed for ICICI Prudential Liquid Fund, ICICI Prudential Short Term Fund, Prudential ICICI Short Term Gilt Fund, ICICI Prudential Savings Fund and ICICI Prudential Money Market Fund.

e) **Third Party Payments** : Investment/subscription made through Third Party Cheque(s) will not be accepted. Third party cheque(s) for this purpose are defined as:

- Investment made through instruments issued from an account other than that of the beneficiary investor,
- in case the investment is made from a joint bank account, the first holder of the mutual fund folio is not one of the joint holders of the bank account from which payment is made.

Third party cheque(s) for investment/subscription shall be accepted, only in exceptional circumstances, as detailed below:

- Payment on behalf minor in consideration of natural love and affection or as a gift will be only applicable for ICICI Prudential child care Fund (Gift Plan).
- Payment by Employer on behalf of employee under Systematic Investment Plans or lump sum/one-time subscription through Payroll deductions.
- Custodian on behalf of a Foreign Institutional Investor (FII) or a client.
- Payment made by the AMC to a Distributor empanelled with it on account of commission, incentive, etc. in the form of the Mutual Fund units of the Schemes managed by such AMC through SIP or lump sum/one time subscription, subject to compliance with SEBI Regulations and Guidelines issued by AMFI, from time to time.
- Payment made by a Corporate to its Agent/Distributor/Dealer (similar arrangement with Principal-agent relationship) account of commission or incentive payable for sale of its goods/services, in the form of Mutual Fund units of the Schemes managed by such AMC through SIP or lump sum/one time subscription, subject to compliance with SEBI Regulations and Guidelines issued by AMFI, from time to time

The above mentioned exception cases will be processed after carrying out necessary checks and verification of documents attached along with the purchase transaction slip/ application form, as stated below:

- Determining the identity of the Investor and the person making payment i.e. mandatory Know Your Client (KYC) for Investor and the person making the payment.
- Obtaining necessary declaration from the Investor/unitholder and the person making the payment. Declaration by the person making the payment should give details of the bank account from which the payment is made and the relationship with the beneficiary.
- Verifying the source of funds to ensure that funds have come from the drawer's account only.

The Schemes will accept payment of any amount from any donor for making investment in the Schemes on behalf of a minor. However, the following conditions have to be fulfilled:

- Investment is made in the name of a minor.
- Mandatory KYC for the investors and the person making the payment i.e. third party.
- Submission of Third Party declaration form(s) by persons other than the Registered Guardian. Please contact the nearest Investor Service Centre (ISC) of the Fund or visit our website www.icicipruamc.com for the said Declaration Form.
- Submission of all documents as applicable for making investment in these Schemes. ICICI Prudential Asset Management Company Limited (the AMC) reserves a right to seek information and/or obtain such other additional documents other than the aforesaid documents from third party for establishing the identity of the Third Party, before processing such applications.

In case of investment/subscriptions made via Pay Order, Demand Draft, Banker's cheque, RTGS, NEFT, ECS, bank transfer, net banking etc. Following additional checks shall be carried out:

- If the investment/subscription is settled with pre-funded instruments such as Pay Order, Demand Draft, Banker's cheque, etc., a Certificate from the Issuing banker must accompany the purchase application, stating the Account holder's name and the Account number which has been debited for issue of the instrument. The funds should be debited from a pre-registered pay in account available in the records of the Mutual fund, or from the account of the first named unit holder. Additionally, if a pre-funded instrument issued by the Bank against cash, it shall not be accepted for investments of Rs.50,000/- or more. Such prefunded instrument issued against cash payment of less than Rs.50,000/- should be accompanied by a certificate from the banker giving name, address and PAN (if available) of the person who has requested for the demand draft.
- If payment is made by RTGS, NEFT, ECS, bank transfer, etc., a copy of the instruction to the bank stating the account number debited must accompany the purchase application. The account number mentioned on the transfer instruction should be from pay in account available in the records, or from the account of the first named unit holder.

Investors are requested to note that AMC reserves right to have additional checks of verification for any mode of payment received. AMC reserves the right to reject the transaction in case the payment is received in an account not belonging to the first unit holder of the mutual fund.

In case of investors with multiple accounts, in order to ensure smooth processing of investor transactions, it is advisable to register all such accounts, as the investments/subscriptions received from the said multiple accounts shall be treated as 1st party payments.

Refer Third Party Payment Declaration form available on our website www.icicipruamc.com or in ICICI Prudential Mutual Fund branch offices.

f) **NRI/FII/PIO Investors**

- Repatriation basis:** Payments by NRIs / FIIs / Persons of Indian Origin (PIOs) residing abroad, may be made either by way of Indian Rupee demand drafts or cheques by means of (i) inward remittance through normal banking channels; (ii) or out of funds held in NRE/FCNR accounts payable at par and payable at the cities where the Customer Service Centres are located. In case of Indian Rupee drafts purchased or cheques issued from NRE/ FCNR Account, an account debit certificate from the bank issuing the draft confirming the debit should also be enclosed. In case the debit certificate is not provided, the AMC reserves the right to reject the application of the NRI investors.
- Non Repatriation basis:** NRIs or people of Indian origin residing abroad investing on a non-repatriable basis may do so by issuing cheques/ demand drafts drawn on a Non-Resident Ordinary (NRO) account payable at the cities where the Customer Service Centre's are located.
- FIRC certificate:** In case of investments by Non Resident Indians (NRIs), if FIRC certificate was not submitted, CAMS/AMC will not provide FIRC outward letters to banks.

VII. NOMINATION

You may nominate persons to receive the Units/amounts standing to your credit payable in the event of death of the Unit Holder(s) in respect of investment under a folio. Investors are requested to note that with effect from April 22, 2013, if the "Nomination" details in the application form are not provided then by default it shall be treated as the consent provided by the Investor to not register any nomination in the folio and the transaction shall be processed accordingly.

- Filling the nomination details with full address is mandatory for individuals applying for / holding units on their own behalf singly and optional for joint holding. Non-individuals including society, trust, body corporate, partnership firm, Karta of Hindu Undivided Family, holder of Power of Attorney cannot nominate. All joint holders will sign the nomination form. Nomination is not allowed in case the first applicant is a minor. Nomination form cannot be signed by Power of Attorney (PoA) holders.
- Nomination will be registered where nomination is made by a sole proprietorship as the proprietor is providing his/ her personal pan card for KYC and all the details are of the individual itself.
- All payments and settlements made to such nominee and signature of the Nominee acknowledging receipt thereof, shall be a valid discharge by the AMC / Mutual Fund / Trustees.
- A minor can be nominated and in that event, the name, relationship and address of the guardian of the minor nominee shall be provided by the unit holder. Guardian of the minor should either be a natural guardian (i.e. father or mother) or a court appointed legal guardian. Nomination can also be in favour of the Central Government, State Government, a local authority, any person designated by virtue of his office or a religious or charitable trust.
- The Nominee shall not be a trust (other than a religious or charitable trust), society, body corporate, partnership firm, Karta of Hindu Undivided Family or a Power of Attorney holder. A non-resident Indian can be a Nominee subject to the exchange controls in force, from time to time.
- Nomination in respect of the units stands withdrawn upon the transfer of units.
- Every new nomination for a folio/account will overwrite the existing nomination.
- Transfer of units in favour of a Nominee shall be valid discharge by the Asset Management Company (AMC) against the legal heir.
- The cancellation of nomination can be made only by those individuals who hold units on their own behalf, singly or jointly and who made the original nomination and the request has to be signed by all the holders.
- On cancellation of the nomination, the nomination shall stand withdrawn and the AMC shall not be under any obligation to transfer the units in favour of the Nominee.
- Investors who want to make multiple nominations (Maximum 3) need to fill the separate Multiple Nomination Form available on www.icicipruamc.com and submit it to the AMC.
- Investors are requested to note that, if the "Nomination" details in the application form are not provided then by default it shall be treated as the consent provided by the Investor to not register any nomination in the folio and the transaction shall be processed accordingly.
- Nomination can be made for maximum number of three nominees. In case of multiple nominees, the percentage of allocation/share in whole numbers and without decimals in favour of each of the nominees should be indicated against the name of the nominees. Such allocation/ share should total to 100 percent. In the event of the Unit holder(s) fail to indicate the percentage of allocation/share for each of the nominees, the Fund/ AMC, by invoking default option shall settle the claim equally amongst all the nominees.
- In case of multiple nominees, on the death of one or more nominee, the transmission of units shall be made in favour of the remaining nominee(s).

VIII. DIRECT CREDIT OF INCOME DISTRIBUTION CUM CAPITAL WITHDRAWAL OPTION (IDCW)/REDEMPTION: ICICI Prudential AMC had entered into an arrangement with certain banks; such as Citibank N.A., HDFC Bank, AXIS Bank, HSBC and ICICI Bank, for direct credit of redemption and IDCW proceeds if the investors have a bank mandate in any of the specified banks. However, the Fund reserves the right to issue a payment instrument in place of this electronic payment facility, and will not be responsible for any delay on the part of the bank for executing the direct credit. The AMC may alter the list of the banks participating in direct credit arrangement from time to time / withdraw direct credit facility from the banks, based on its experience of dealing with any of these banks or add / withdraw the name of the bank with which the direct credit facility arrangements can be introduced/ discontinued, as the case may be.

IX. E-MAIL COMMUNICATION:

- As per circular no. SEBI/HO/IMD/DF2/CIR/P/2018/92 issued by SEBI on Go Green Initiatives for Mutual Funds, we have been asked to seek your confirmation to continue to receive the Scheme-wise Annual Report or Abridged Summary in physical mode since your email id is not registered with us.
- Delivering service through the internet & web-based services such as e-mail is a more

efficient delivery channel. When an investor has provided an email address, the same will be registered in our records for eDocs and will be treated as your consent to receive, allotment confirmations, consolidated account statement/account statement, annual report/abridged summary and any statutory / other information as permitted via electronic mode/ email. These documents shall be sent physically in case the Unit holder opts/requests for the same. It is deemed that the Unit holder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. The Mutual Fund / Registrars are not responsible for email not reaching the investor and for all consequences thereof. The Investor shall from time to time intimate the Mutual Fund / its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided and investor can download, save and print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, and the Fund would arrange to send the same to the investor.

The AMC / Trustee reserve the right to send any communication in physical mode.

X. KNOW YOUR CUSTOMER (KYC) NORMS: With effect from 1st January, 2011, KYC (Know Your Customer) norms are mandatory for ALL investors for making investments in Mutual Funds, irrespective of the amount of investment. Further, to bring uniformity in KYC process, SEBI has introduced a common KYC application form for all the SEBI registered intermediaries. With effect from 1st January 2012, all the new investors are therefore requested to use the Common KYC application form to apply for KYC and mandatorily undergo In Person Verification (IPV) requirements with SEBI registered intermediaries. Individual client who has registered under Central KYC Records Registry (CKYCR) has to fill the 14 digit KYC Identification Number (KIN) in application form as per AMFI circular 135/BP/68/2016-17. For Common KYC Application Form please visit our website www.iciciruamc.com.

XI. TRANSACTION CHARGES

Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 transaction charge per subscription of Rs.10,000/- and above may be charged in the following manner:

- The existing investors may be charged Rs.100/- as transaction charge per subscription of Rs.10,000/- and above;
- A first time investor may be charged Rs.150/- as transaction charge per subscription of Rs.10,000/- and above.

There shall be no transaction charge on subscription below Rs. 10,000/- and on transactions other than purchases/ subscriptions relating to new inflows.

In case of investment through Systematic Investment Plan (SIP), transaction charges shall be deducted only if the total commitment through SIP amounts to Rs. 10,000/- and above. The transaction charges in such cases shall be deducted in 4 equal installments. However, the option to charge "transaction charges" is at the discretion of the distributors. Investors may note that distributors can opt to receive transaction charges based on "type of the Scheme". Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.

Transaction charges shall also be deducted on purchases/subscriptions received through non-demat mode from the investors investing through a valid ARN holder i.e. AMFI Registered Distributor (provided the distributor has opted-in to receive the transaction charges) in respect of transactions routed through Stock Exchange(s) platform viz. NSE Mutual Fund Platform ("NMF-II") and BSE Mutual Fund Platform ("BSE STAR MF").

The aforesaid transaction charge shall be deducted by the Asset Management Company from the subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested in the relevant scheme opted by the investor.

However, upfront commission to distributors will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by such distributor.

Transaction Charges shall not be deducted if:

- Purchase/Subscription made directly with the fund through any mode (i.e. not through any distributor/agent).
- Purchase/ subscription made in demat mode through stock Exchange, irrespective of investment amount.

CAS/Statement of account shall state the net investment (i.e. gross subscription less transaction charge) and the number of units allotted against the net investment.

XII. EMPLOYEE UNIQUE IDENTIFICATION NUMBER (EUIIN) : Investors procuring advisory services from non Individual distributors are requested to note that EUIIN would assist in tackling the problem of mis-selling even if the employee/relationship manager/sales person leave the employment of the distributor.

Distributors are advised to ensure that the sub broker affixes his/her ARN code in the column separately provided in addition to the current practice of affixing the internal code issued by the main ARN holder and the EUIIN of the Sales Person (if any) in the EUIIN space.

Investors are requested to note that EUIIN is applicable for transactions such as Purchases, Switches, Registrations of SIP/STP/Trigger/IDCW Transfer Plan and EUIIN is not applicable for transactions such as Installments under SIP/STP/SWP/EBT Triggers, IDCW Reinvestments, Redemption, SWP Registration, Zero Balance Folio creation and installments under IDCW Transfer Plans.

Investors are requested to note that EUIIN is largely applicable to sales persons of non individual ARN holders (whether acting in the capacity of the main distributor or sub broker). Further, EUIIN will not be applicable for overseas distributors who comply with the requirements as per AMFI circular CIR/ ARN-14/12-13 dated July 13, 2012.

XIII. SIGNATURES : The signature(s) should be in English or in any of the Indian languages specified in the eighth schedule of the constitution of India. Applications on behalf of minors should be signed by their Guardian. Thumb impressions must be attested by a Magistrate or a Notary Public or a Special Executive Magistrate under his/her official seal. Applications by minors should be signed by their guardians. In case of a Hindu Undivided Family (HUF), the Karta should sign on behalf of the HUF.

If the application form is signed by a Power of Attorney (PoA) holder, the form should be accompanied by a notarised photocopy of the PoA. Alternatively, the original PoA may be submitted, which will be returned after verification. If the PoA is not submitted with the application, the Application Form will be rejected. The PoA should contain the signature of the investor (PoA Donor) and the PoA holder.

In case of corporates or any non-individual investors, a list of authorised signatories should be submitted along with Application form or in case of any change in the authorised signatory list, the AMC / Registrar must be notified within 7 days.

In case of application under POA or by a Non-Individual (i.e. Company, trust, society, partnership firm etc.) the relevant POA or the resolution should specifically provide for/authorize the POA holder/authorized signatory to make application/ invest moneys on behalf of the investor.

Signature mismatch cases: While processing the redemption / switch out request in case the AMC/Registrar come across a signature mismatch, then the AMC/ Registrar reserves the right to process the redemption only on the basis of supporting documents (like copy of passport, driving license etc.), confirming the identity of the investors.

XIV. DEMAT/NON-DEMAT MODE: Investors have an option to hold the Units in dematerialized form. Please tick the relevant option of Yes/No for opting/not opting units in demat form. If no option is exercised, "No" will be the default option. Applicants must ensure that the sequence of names as mentioned in the application form matches with that of the account held with the Depository Participant. If the details mentioned in the application are incomplete/incorrect or not matched with the Depository data, the application shall be treated as invalid and the units would be allotted in Non-Demat mode. The application form should mandatorily accompany the latest Client investor master/ Demat account statement. Demat option will be not be available for Daily/Weekly/Fortnightly IDCW options. Investors desiring to get allotment of units in demat mode must have a beneficiary account with a Depository Participant (DP) of the Depositories i.e. National Securities Depositories Limited (NSDL) / Central Depository Services Limited (CDSL). Allotment letters would be sent to investors who are allotted units in Demat mode and a Statement of Accounts would be sent to investors who are allotted units in non-Demat mode. Investors are requested to note that Units held in dematerialized form are freely transferable except units held in Equity Linked Savings Scheme's (ELSS) during the lock-in period.

The units will be allotted based on the applicable NAV as per the SID and will be credited to investor's Demat account on weekly basis upon realization of funds. For e.g. Units will be credited to investors Demat account every Monday for realization status received in last week from Monday to Friday.

The investors shall note that for holding the units in demat form, the provisions laid in the Scheme Information Document (SID) of respective Scheme and guidelines/procedural requirements as laid by the Depositories (NSDL/CDSL) shall be applicable. In case the unit holder wishes to convert the units held in non-demat mode to demat mode or vice versa at a later date, such request along with the necessary form should be submitted to their Depository Participant(s).

Units held in demat form will be freely transferable, subject to the applicable regulations and the guidelines as may be amended from time to time.

XV. As per the RBI circular "Introduction of Legal Entity Identifier for Large Value Transactions in Centralised Payment Systems" vide notification RBI/2020-21/82 DPSS.CO.0D No.901/06.24.001/2020-21 dated 5th January 2021. RBI vide this notification has decided to introduce the LEI system for all payment transactions of value INR 50 crore and above undertaken by entities (non-individuals) using Reserve Bank-run Centralised Payment Systems viz. Real Time Gross Settlement (RTGS) and National Electronic Funds Transfer (NEFT).

From April 1, 2021, it will be mandatory to include 20-digit Legal Entity Identifier (LEI) information while initiating any transaction of value INR 50 crore and above by entities (non-Individual).
